Department

Department

- Prospective candidates must submit the completed application to the Sociology Department no later than the end of the 4th quarter before graduation (typically Spring quarter of the Junior year).
Please attach a short summary of the thesis project you are proposing, including an abstract and brief outline, and a copy of your transcript.
Submit to Daniela Fields, Undergraduate Student Services Administrator, in Bldg. 120, Rm. 160C. If you have any questions please email dmfields@stanford.edu.
Graduating with honors requires: 1) completion of all requirements of the Sociology major; 2) application and acceptance into the Sociology Honors Program; 3) completion of an honors thesis with a grade of A- or better; and 4) participation in the Sociology Honors Colloquium in the Spring quarter prior to graduation. If the requirements are not met, then you must drop your honors declaration (BAH) in Axess and declare the appropriate degree (BA) before you apply to graduate.
