

School Improvement Grants Application

Section 1003(g) of the Elementary and Secondary Education Act

Fiscal Year 2010

CFDA Number: 84.377A

State Name: California

U.S. Department of Education
Washington, D.C. 20202

OMB Number: 1810-0682
Expiration Date: September 30, 2013

Paperwork Burden Statement

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is 1810-0682. The time required to complete this information collection is estimated to average 100 hours per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. If you have any comments concerning the accuracy of the time estimate or suggestions for improving this form, please write to: U.S. Department of Education, Washington, D.C. 20202-4537.

SCHOOL IMPROVEMENT GRANTS

Purpose of the Program

School Improvement Grants (SIG), authorized under section 1003(g) of Title I of the Elementary and Secondary Education Act of 1965 (Title I or ESEA), are grants to State educational agencies (SEAs) that SEAs use to make competitive subgrants to local educational agencies (LEAs) that demonstrate the greatest need for the funds and the strongest commitment to use the funds to provide adequate resources in order to raise substantially the achievement of students in their lowest-performing schools. Under the final requirements published in the *Federal Register* on October 28, 2010 (<http://www.gpo.gov/fdsys/pkg/FR-2010-10-28/pdf/2010-27313.pdf>), school improvement funds are to be focused on each State's "Tier I" and "Tier II" schools. Tier I schools are the lowest-achieving 5 percent of a State's Title I schools in improvement, corrective action, or restructuring, Title I secondary schools in improvement, corrective action, or restructuring with graduation rates below 60 percent over a number of years, and, if a State so chooses, certain Title I eligible (and participating) elementary schools that are as low achieving as the State's other Tier I schools ("newly eligible" Tier I schools). Tier II schools are the lowest-achieving 5 percent of a State's secondary schools that are eligible for, but do not receive, Title I, Part A funds, secondary schools that are eligible for, but do not receive, Title I, Part A funds with graduation rates below 60 percent over a number of years, and, if a State so chooses, certain additional Title I eligible (participating and non-participating) secondary schools that are as low achieving as the State's other Tier II schools or that have had a graduation rate below 60 percent over a number of years ("newly eligible" Tier II schools). An LEA also may use school improvement funds in Tier III schools, which are Title I schools in improvement, corrective action, or restructuring that are not identified as Tier I or Tier II schools and, if a State so chooses, certain additional Title I eligible (participating and non-participating) schools ("newly eligible" Tier III schools). (See Appendix B for a chart summarizing the schools included in each tier.) In the Tier I and Tier II schools an LEA chooses to serve, the LEA must implement one of four school intervention models: turnaround model, restart model, school closure, or transformation model.

Availability of Funds

The Department of Education Appropriations Act, 2010, provided \$546 million for School Improvement Grants in fiscal year (FY) 2010. In addition, the U.S. Department of Education (Department) estimates that, collectively, States have carried over approximately \$825 million in FY 2009 SIG funds that will be combined with FY 2010 SIG funds, for a total of nearly \$1.4 billion that will be awarded by States as part of their FY 2010 SIG competitions.

FY 2010 school improvement funds are available for obligation by SEAs and LEAs through September 30, 2012.

State and LEA Allocations

Each State (including the District of Columbia and Puerto Rico), the Bureau of Indian Education, and the outlying areas are eligible to apply to receive a School Improvement Grant. The Department will allocate FY 2010 school improvement funds in proportion to the funds received in FY 2010 by the States, the Bureau of Indian Education, and the outlying areas under Parts A, C, and D of Title I of the ESEA. An SEA must allocate at least 95 percent of its school improvement funds directly to LEAs in accordance with the final requirements (<http://www.gpo.gov/fdsys/pkg/FR-2010-10-28/pdf/2010-27313.pdf>). The SEA may retain an amount not to exceed five percent of its allocation for State administration, evaluation, and technical assistance.

Appendix A provides guidance on how SEAs can maximize the number of Tier I and Tier II schools its LEAs can serve with FY 2009 carryover and FY 2010 SIG funds when making their LEA allocations for the FY 2010 competition. See Appendix A for a more detailed explanation.

Consultation with the Committee of Practitioners

Before submitting its application for a SIG grant to the Department, an SEA must consult with its Committee of Practitioners established under section 1903(b) of the ESEA regarding the rules and policies contained therein. The Department recommends that the SEA also consult with other stakeholders, such as potential external providers, teachers' unions, and business, civil rights, and community leaders that have an interest in its application.

FY 2010 Submission Information

Electronic Submission:

The Department strongly prefers to receive an SEA's FY 2010 School Improvement Grant (SIG) application electronically. The application should be sent as a Microsoft Word document, not as a PDF.

The SEA should submit its FY 2010 application to the following address: school.improvement.grants@ed.gov

In addition, the SEA must submit a paper copy of the cover page signed by the SEA's authorized representative to the address listed below under "Paper Submission."

Paper Submission:

If an SEA is not able to submit its application electronically, it may submit the original and two copies of its SIG application to the following address:

Carlas McCauley, Education Program Specialist
Student Achievement and School Accountability Programs
U.S. Department of Education
400 Maryland Avenue, SW, Room 3W320
Washington, DC 20202-6132

Due to potential delays in government processing of mail sent through the U.S. Postal Service, SEAs are encouraged to use alternate carriers for paper submissions.

Application Deadline

Applications are due on or before December 3, 2010.

For Further Information

If you have any questions, please contact Carlas McCauley at (202) 260-0824 or by e-mail at carlas.mccauley@ed.gov.

FY 2010 Application Instructions

Most of the FY 2010 SIG application is identical to the FY 2009 application. A new section for additional evaluation criteria (Section B-1) has been added and Section H on Waivers has been expanded. Section D on Descriptive Information (Section D – Part 1, Section D – Parts 2-8) has also been reformatted into two separate sections for the FY 2010 application, but all other parts of the application remain the same.

Consequently, except as provided below, an SEA must update only those sections that include changes from the FY 2009 application. In particular, the Department expects that most SEAs will be able to retain Section B on Evaluation Criteria, Section C on Capacity, and Section D (parts 2-8) on Descriptive Information, sections that make up the bulk of the SIG application. An SEA has the option to update any of the material in these sections if it so desires.

We are requiring SEAs to update some sections of the SIG application to ensure that each SEA focuses its FY 2010 SIG funds, including any funds carried over from FY 2009, on serving its persistently lowest-achieving schools in LEAs with the capacity and commitment to fully and effectively implement one of the four required school intervention models beginning in the 2011-2012 school year.

Note that while an SEA may be able to submit significant portions of its FY 2010 SIG application unchanged from FY 2009, we recommend that it review all sections of the FY 2010 application to ensure alignment with any required changes or revisions.

SEAs should also note that they will only be able to insert information in designated spaces (form fields) in the application because of formatting restrictions. Clicking on a section of the application that is restricted will automatically jump the cursor to the next form field which may cause users to skip over information in the application. Users may avoid this issue by using the scroll bar to review the application. However, due to these restrictions, the Department recommends that SEAs print a copy of the application and review it in its entirety before filling out the form.

APPLICATION COVER SHEET
SCHOOL IMPROVEMENT GRANTS

Legal Name of Applicant: California Department of Education	Applicant's Mailing Address: 1430 N Street Sacramento, CA 95814-5901
State Contact for the School Improvement Grant Name: Christine Swenson Position and Office: Director, District and School Improvement Division Contact's Mailing Address: California Department of Education 1430 N Street, Suite 6208 Sacramento, CA 95814-5901 Telephone: 916-319-0582 Fax: 916-319-5092 Email address: cswenson@cde.ca.gov	
Chief State School Officer (Printed Name): Tom Torlakson	Telephone: 916-319-0800
Signature of the Chief State School Officer: X	Date: March 25, 2011
The State, through its authorized representative, agrees to comply with all requirements applicable to the School Improvement Grants program, including the assurances contained herein and the conditions that apply to any waivers that the State receives through this application.	

FY 2010 Application Checklist

Please use this checklist to serve as a roadmap for the SEA's FY 2010 application.

Please note that an SEA's submission for FY 2010 must include the following attachments, as indicated on the application form:

- Lists, by LEA, of the State's Tier I, Tier II, and Tier III schools.
- A copy of the SEA's FY 2010 LEA application form that LEAs will use to apply to the SEA for a School Improvement Grant.
- If the SEA seeks any waivers through its application, a copy of the notice it provided to LEAs and a copy of any comments it received from LEAs as well as a copy of, or link to, the notice the SEA provided to the public.

Please check the relevant boxes below to verify that all required sections of the SEA application are included and to indicate which sections of the FY 2010 application the SEA has revised from its FY 2009 application.

SECTION A: ELIGIBLE SCHOOLS	<input checked="" type="checkbox"/> Definition of "persistently lowest-achieving schools" (PLA schools) is same as FY 2009	<input type="checkbox"/> Definition of "persistently lowest-achieving schools" (PLA schools) is revised for FY 2010

SECTION H: WAIVERS	<input checked="" type="checkbox"/> Updated Section H: Waivers provided	

PART I: SEA REQUIREMENTS

As part of its application for a School Improvement Grant under section 1003(g) of the ESEA, an SEA must provide the following information.

A. ELIGIBLE SCHOOLS: An SEA must provide a list, by LEA, of each Tier I, Tier II, and Tier III school in the State. (A State's Tier I and Tier II schools are its persistently lowest-achieving schools and, if the SEA so chooses, certain additional Title I eligible schools that are as low achieving as the State's persistently lowest-achieving schools or that have had a graduation rate below 60 percent over a number of years.) In providing its list of schools, the SEA must indicate whether a school has been identified as a Tier I or Tier II school solely because it has had a graduation rate below 60 percent over a number of years. In addition, the SEA must indicate whether it has exercised the option to identify as a Tier I, Tier II, or Tier III school a school that was made newly eligible to receive SIG funds by the Consolidated Appropriations Act, 2010.

Each SEA must generate new lists of Tier I, Tier II, and Tier III schools based on the State's most recent achievement and graduation rate data to ensure that LEAs continue to give priority to using SIG funds to implement one of the four school intervention models in each of their persistently lowest-achieving schools, rather than using SIG funds to support less rigorous improvement measures in less needy schools. However, any SEA that has five or more Tier I schools that were identified for purposes of the State's FY 2009 SIG competition but are not being served with SIG funds in the 2010-2011 school year may apply for a waiver of the requirement to generate new lists.

An SEA also has the option of making changes to its FY 2009 definition of "persistently lowest-achieving schools". An SEA that exercises this option must generate new lists of Tier I, Tier II, and Tier III schools.

Regardless of whether it modifies its definition of "persistently lowest-achieving schools" or generates new lists, along with its lists of Tier I, Tier II, and Tier III schools, an SEA must provide the definition that it used to develop these lists. The SEA may provide a link to the page on its Web site where its definition is posted, or it may attach the complete definition to its application.

<input checked="" type="checkbox"/> Definition of “persistently lowest-achieving schools” (PLA schools) is same as FY 2009	<input type="checkbox"/> Definition of “persistently lowest-achieving schools” (PLA schools) is revised for FY 2010
<p><i>For an SEA keeping the same definition of PLA schools, please select one of the following options:</i></p> <p><input checked="" type="checkbox"/> 1. SEA will not generate new lists of Tier I, Tier II, and Tier III schools. SEA has five or more unserved Tier I schools from FY 2009 and is therefore eligible to request a waiver of the requirement to generate new lists of schools. Lists and waiver request submitted below.</p> <p><input type="checkbox"/> SEA is electing not to include newly eligible schools for the FY 2010 competition. (Only applicable if the SEA elected to add newly eligible schools in FY 2009.)</p> <p><input type="checkbox"/> 2. SEA must generate new lists of Tier I, Tier II, and Tier III schools because it has fewer than five unserved Tier I schools from FY 2009. Lists submitted below.</p> <p><input type="checkbox"/> 3. SEA elects to generate new lists. Lists submitted below.</p>	<p><i>For an SEA revising its definition of PLA schools, please select the following option:</i></p> <p><input type="checkbox"/> 1. SEA must generate new lists of Tier I, Tier II, and Tier III schools because it has revised its definition of “persistently lowest-achieving schools.” Lists submitted below.</p>

Insert definition of “persistently lowest-achieving schools” or link to definition of “persistently lowest-achieving schools” here: California’s definition of persistently lowest-achieving (PLA) schools can be accessed on the CDE Detailed Methodology Web page at <http://www.cde.ca.gov/ta/ac/pl/methodology.asp>

An SEA must attach two tables to its SIG application. The first table must include its lists of all Tier I, Tier II, and Tier III schools that are eligible for FY 2010 SIG funds. The second table must include its lists of all Tier I, Tier II, and Tier III schools that were served with FY 2009 SIG funds.

Please create these two tables in Excel and use the formats shown below. Examples of the tables have been provided for guidance.

SCHOOLS ELIGIBLE FOR FY 2010 SIG FUNDS								
LEA NAME	LEA NCES ID #	SCHOOL NAME	SCHOOL NCES ID#	TIER I	TIER II	TIER III	GRAD RATE	NEWLY ELIGIBLE [†]

SCHOOLS SERVED WITH FY 2009 SIG FUNDS							
LEA NAME	LEA NCES ID #	SCHOOL NAME	SCHOOL NCES ID#	TIER I	TIER II	TIER III	GRAD RATE

EXAMPLE:

SCHOOLS ELIGIBLE FOR FY 2010 SIG FUNDS								
LEA NAME	LEA NCES ID #	SCHOOL NAME	SCHOOL NCES ID#	TIER I	TIER II	TIER III	GRAD RATE	NEWLY ELIGIBLE
LEA 1	##	HARRISON ES	##	X				
LEA 1	##	MADISON ES	##	X				
LEA 1	##	TAYLOR MS	##			X		X
LEA 2	##	WASHINGTON ES	##	X				
LEA 2	##	FILLMORE HS	##			X		
LEA 3	##	TYLER HS	##		X		X	
LEA 4	##	VAN BUREN MS	##	X				
LEA 4	##	POLK ES	##			X		

[†] “Newly Eligible” refers to a school that was made eligible to receive SIG funds by the Consolidated Appropriations Act, 2010. A newly eligible school may be identified for Tier I or Tier II because it has not made adequate yearly progress for at least two consecutive years; is in the State’s lowest quintile of performance based on proficiency rates on State’s assessments; and is no higher achieving than the highest-achieving school identified by the SEA as a “persistently lowest-achieving school” or is a high school that has a graduation rate less than 60 percent over a number of years. For complete definitions of and additional information about “newly eligible schools,” please refer to the FY 2010 SIG Guidance, questions A-20 to A-30.

EXAMPLE:

SCHOOLS SERVED WITH FY 2009 SIG FUNDS							
LEA NAME	LEA NCES ID #	SCHOOL NAME	SCHOOL NCES ID#	TIER I	TIER II	TIER III	GRAD RATE
LEA 1	##	MONROE ES	##	X			
LEA 1	##	JEFFERSON HS	##		X		X
LEA 2	##	ADAMS ES	##	X			
LEA 3	##	JACKSON ES	##	X			

Please attach the two tables in a separate file and submit it with the application.

SEA has attached the two tables in a separate file and submitted it with its application.

B. EVALUATION CRITERIA:

Part 1: The three actions listed in Part 1 are ones that an LEA must take prior to submitting its application for a School Improvement Grant. Accordingly, the SEA must describe, with specificity, the criteria the SEA will use to evaluate an LEA’s application with respect to each of the following actions:

- (1) The LEA has analyzed the needs of each Tier I and Tier II school identified in the LEA’s application and has selected an intervention for each school.
- (2) The LEA has demonstrated that it has the capacity to use school improvement funds to provide adequate resources and related support to each Tier I and Tier II school identified in the LEA’s application in order to implement fully and effectively the selected intervention in each of those schools.
- (3) The LEA’s budget includes sufficient funds to implement the selected intervention fully and effectively in each Tier I and Tier II school identified in the LEA’s application, as well as to support school improvement activities in Tier III schools, throughout the period of availability of those funds (taking into account any waiver extending that period received by either the SEA or the LEA).

Part 2: The actions in Part 2 are ones that an LEA may have taken, in whole or in part, prior to submitting its application for a School Improvement Grant, but most likely will take after receiving a School Improvement Grant. Accordingly, an SEA must describe the criteria it will use to assess the LEA’s commitment to do the following:

- (1) Design and implement interventions consistent with the final requirements.
- (2) Recruit, screen, and select external providers, if applicable, to ensure their quality.
- (3) Align other resources with the interventions.
- (4) Modify its practices or policies, if necessary, to enable it to implement the interventions fully and effectively.
- (5) Sustain the reforms after the funding period ends.

SEA is using the same evaluation criteria as FY 2009.

SEA has revised its evaluation criteria for FY 2010.

Insert response to Section B Evaluation Criteria here:

The CDE has specified criteria that will be used to evaluate the information provided for each of the elements in LEA applications for SIG funding. The CDE has developed a

rubric to provide guidance for each of these elements for use by both LEAs and reviewers in the application development and review process. California has identified eleven narrative elements to which applicant LEAs and schools must respond based on the specific application criteria established by ED. LEAs must provide their narrative response on SIG Form 2. The narrative responses will be reviewed using the SIG rubric (see Appendix A of the LEA RFA).

In addition to the narrative response, LEAs will be required to submit a LEA Budget Summary (SIG Form 4a), LEA Budget Narrative (SIG Form 4b), School Budget Summary (SIG Form 5a), School Budget Narrative (SIG Form 5b), Schools to be Served Chart (SIG Form 9), Implementation Charts detailing actions, activities to be taken, and timelines for implementation in the Tier I, II, and III schools that the LEA commits to serve (SIG Forms 10 and 11).

The CDE will assess each LEA's commitment to design and implement its selected intervention(s) based on the completeness and appropriateness of the LEA's Narrative Response, Implementation Charts, and Budget Forms. This information must indicate that the LEA has committed sufficient resources to support successful implementation as well as a comprehensive and coherent plan to fully implement all required elements of the selected interventions in order for the application to be recommended for funding.

The narrative elements to which each LEA must adequately respond are fully described in subsection B of the Application Requirements of the California FY 2010 SIG RFA to LEAs, and generally include:

- i. **Needs Analysis** including assessment instruments the LEA used, personnel involved, process for analyzing findings and selecting the intervention model, LEA analysis of use of California adopted standards-aligned materials and interventions, curriculum pacing/instructional time, professional development, collaboration, instructional support, use of student data, alignment of federal, state, and private resources, and effectiveness of principals, teachers, and other school staff.
- ii. **Selection of Intervention Models** for each Tier I and Tier II school the LEA commits to serve and the rationale for each selection. The rationale must also provide the basis for not selecting one of the other three intervention models.
- iii. **Demonstration of Capacity to Implement Selected Intervention Models** sufficient to assure the SEA that the LEA will have adequate resources and related support for each Tier I and Tier II school identified in the LEA's application in order to implement, fully and effectively, the required activities

of the school intervention model(s) it has selected.

Note: If the LEA is not applying to serve each Tier I school, it must explain why it lacks the capacity to serve each Tier I school. If the limitation is at the LEA level then the LEA must identify the specific barriers that preclude it from serving all of its Tier I schools. If the limitation is based on conditions at a specific school or schools, then the LEA must describe those conditions.

- iv. **Recruitment, Screening, and Selection of External Providers** to ensure their expertise and capacity to support improvement in school and student achievement, if the LEA intends to use external entities to provide technical assistance in selecting, developing, and/or implementing one of the four intervention models. The process described must include specific selection criteria such as experience, qualifications, and record of effectiveness in providing support for school improvement.
- v. **Alignment of Other Resources with the Selected Intervention Models** to identify all federal, state, or private resources that are currently available to the school(s) that will be used to support implementation of the selected intervention model, including other district resources. The LEA must describe the LEA's process for ensuring that these resources will be coordinated with SIG funding to ensure maximum effectiveness in the use of all resources.
- vi. **Alignment of Proposed SIG Activities with Current District Assistance and Intervention Team (DAIT) Process** in LEAs that currently receive DAIT services to ensure that all concurrent LEA and school improvement activities are coordinated. California's DAIT process provides direct technical assistance to LEAs in corrective action to support improved LEA performance. If an LEA applying for SIG funding is currently participating in the DAIT process, the LEA must describe how it will coordinate its DAIT and SIG activities to improve the performance of its lowest-achieving schools. The description must identify the major LEA improvement actions recommended by the DAIT and describe how the LEA will align its SIG and DAIT activities.
- vii. **Modification of LEA Practices or Policies** to enable funded schools to implement the interventions fully and effectively. LEA practices or policies requiring modification may include, but are not limited to, collective bargaining agreements, the distribution of resources among schools, parental involvement policies and practices, school attendance areas and enrollment policies, and agreements with charter organizations. LEAs must identify and describe which policies and practices need to be revised, the process for revision, and a description of the proposed revision.

viii. Sustainment of the Reforms after the Funding Period Ends to ensure continued LEA and school improvement. The LEA must provide its plan for continuing to support its SIG activities beyond the funding term, including identifying all resources that will be used to sustain the selected intervention(s) after the SIG funding period expires. The LEA must also state whether it intends to implement a waiver to extend the funding period through September 30, 2014.

ix. Establishment of Challenging LEA Annual School Goals for Student Achievement on the state assessments in both reading/language arts and mathematics that it will use to monitor the performance of each participating Tier I and Tier II school that receives SIG funds and the LEA commits to serve.

x. Inclusion of Tier III Schools is optional. However, for LEAs that opt to serve Tier III schools, the LEA must identify and describe the services the school will receive and/or the activities the school will implement. The LEA must include any findings concerning each school's current condition and analysis of needs that informed the LEA's selection of the specific improvement activities to be implemented. The LEA must also establish challenging annual school goals for student achievement on the state's assessments in both reading/language arts and mathematics that it will use to monitor the performance of each participating Tier III school that receives SIG funds and the LEA commits to serve.

xi. Consultation with Relevant Stakeholders such as students, parents, educators, and the community regarding the LEA's SIG application. The LEA must describe the specific activities it has undertaken to solicit stakeholder input on the development and implementation of the proposed school improvement activities in participating schools.

California will require LEAs to hold at least two public meetings to consult with staff, parents, and the community regarding the LEA's SIG application and its selection of one of the four intervention models for its Tier I and II schools. The LEA must provide documentation (e.g., meeting agenda or meeting minutes) that such meetings were held, provide a summary of input obtained through these meetings, indicate which input was incorporated into the LEA's SIG application, and provide a rationale for not accepting any input that the LEA rejected.

California will evaluate the SIG applications based on the evaluation criteria described above. Qualified staff from the CDE and SBE will participate in the 2010–11 SIG RFA Readers' Conference, during which they will receive extensive training in the requirements and purpose of SIG, will be familiarized with the SIG rubric, and will be calibrated to ensure rater reliability. Once this is accomplished, the LEA applications will

be reviewed to ensure that each meets the specified criteria. Applications that adequately address all the requirements described in the application will be recommended to the SBE for funding. Applications found not to meet those requirements will not be recommended for funding. LEAs with applications not recommended for funding will be provided information regarding deficiencies in the application to assist them in preparing applications for subsequent SIG cohorts.

B-1. ADDITIONAL EVALUATION CRITERIA: In addition to the evaluation criteria listed in Section B, the SEA must evaluate the following information in an LEA's budget and application:

Please note that Section B-1 is a new section added for the FY 2010 application.

(1) How will the SEA review an LEA's proposed budget with respect to activities carried out during the pre-implementation period² to help an LEA prepare for full implementation in the following school year?

(2) How will the SEA evaluate the LEA's proposed activities to be carried out during the pre-implementation period to determine whether they are allowable? *(For a description of allowable activities during the pre-implementation period, please refer to section J of the FY 2010 SIG Guidance.)*

² "Pre-implementation" enables an LEA to prepare for full implementation of a school intervention model at the start of the 2011–2012 school year. To help in its preparation, an LEA may use FY 2010 and/or FY 2009 carryover SIG funds in its SIG schools after the LEA has been awarded a SIG grant for those schools based on having a fully approvable application, consistent with the SIG final requirements. As soon as it receives the funds, the LEA may use part of its first-year allocation for SIG-related activities in schools that will be served with FY 2010 and/or FY 2009 carryover SIG funds. For a full description of pre-implementation, please refer to section J of the FY 2010 SIG Guidance.

Insert response to Section B-1 Additional Evaluation Criteria here:

California will use the following criteria to evaluate/review the activities, actions and budgets proposed by the LEA during the optional pre-implementation period:

- The pre-implementation activities are directly related to the selected model, are designed to address a specific need or needs identified through the LEA's needs assessment, represent a significant reform that goes beyond the basic educational program, and represent a meaningful change that could help improve student achievement from prior years.
- The LEA projected pre-implementation budget is complete, expenditures are accurately classified by object code, the full term of the grant is covered, and totals by year are provided.
- The LEA budget narrative includes detailed information to describe LEA pre-implementation activities and costs associated with each object code. Budget items accurately reflect the actual cost of implementing the selected intervention models and other LEA activities described for each participating school are included.
- The school projected budget(s) are complete, expenditures are accurately classified by object code, the full term of the grant is covered, and totals by

year are provided.

- The school pre-implementation budget narrative(s) include detailed information to describe activities and costs associated with each object code. Budget items accurately reflect the actual cost of implementing the selected intervention models and other activities described for each participating school are included.
- The LEA and school budgets are clearly aligned and, taken together, fully describe appropriate expenditures of funds in all categories that are clearly sufficient to support the design, implementation and ongoing maintenance of the proposed SIG activities. The proposed expenditures reflect research-based strategies likely to increase student achievement.
- The LEA and School Budgets must be of sufficient size and scope to implement the selected intervention. A separate budget review process will be conducted by fiscal personnel from the CDE and School Services of California to determine whether a particular proposed use of SIG funds is allowable, directly related to the full and effective implementation of the model selected by the LEA, and that the proposed use of funds is reasonable and necessary.

C. CAPACITY: The SEA must explain how it will evaluate whether an LEA lacks capacity to implement a school intervention model in each Tier I school.

An LEA that applies for a School Improvement Grant must serve each of its Tier I schools using one of the four school intervention models unless the LEA demonstrates that it lacks sufficient capacity to do so. If an LEA claims it lacks sufficient capacity to serve each Tier I school, the SEA must evaluate the sufficiency of the LEA's claim. Claims of lack of capacity should be scrutinized carefully to ensure that LEAs effectively intervene in as many of their Tier I schools as possible.

The SEA must explain how it will evaluate whether an LEA lacks capacity to implement any of the school intervention models in its Tier I school(s). The SEA must also explain what it will do if it determines that an LEA has more capacity than the LEA demonstrates.

SEA is using the same evaluation criteria for capacity as FY 2009.

SEA has revised its evaluation criteria for capacity for FY 2010.

Insert response to Section C Capacity here:

California is not modifying its definition of capacity. The SEA has checked the box that indicates that it is using the same evaluation criteria for capacity. The following was included in the 2009 SEA application:

The LEA must describe its capacity to provide adequate resources and support to implement required improvement activities for each Tier I, Tier II, and Tier III school that will be served (and, if applicable, an acceptable description of its lack of capacity to serve all of its Tier I schools). California's SIG RFA provides opportunities for each LEA applicant to fully describe its capacity to implement school improvement and intervention models for those schools identified as Tier I, II, and III schools. Capacity is demonstrated through a detailed description and appropriate alignment of each of the following elements:

- Needs analysis
- Process and rationale for selection of intervention model(s)
- Recruitment, screening, and selection of external providers
- Alignment with other federal, state, local, and private resources with the selected intervention model(s)
- Modification of LEA policies and practices

- Sustainment of reforms after the funding period ends
- Annual goals for student achievement
- Consultation with relevant stakeholders

An LEA that claims that it lacks sufficient capacity to serve each of its Tier I schools will be required to provide a rationale supporting that claim. The CDE will review the description of the limitation and any supporting evidence provided by the LEA to determine whether the rationale provided supports the LEA's claim. In cases in which the LEA's description of its lack of capacity is deemed insufficient to justify not serving all of its Tier I schools, the state will require additional programmatic information and may consider an alternate level of funding.

D (PART 1). TIMELINE: An SEA must describe its process and timeline for approving LEA applications.

Please note that Section D has been reformatted to separate the timeline into a different section for the FY 2010 application.

Insert response to Section D (Part 1) Timeline here:

Important Events	Dates
Draft RFA posted on the California Department of Education (CDE) Web site	January 31, 2011
Final RFA posted on the CDE Web site	March 8, 2011
LEA SIG applications due to the CDE	April 15, 2011
SIG RFA readers' conference conducted by the CDE where readers evaluate and score applications	May 2–6, 2011
State Board of Education (SBE) takes action on LEA applications. The CDE will immediately notify LEAs of	

approval status. LEAs receiving a FY 2010 SIG sub-grant must begin full	
Sub-grant award notification letters sent to LEAs	Upon SBE approval at its July 2011 Meeting
Optional Pre-Implementation by LEAs (See Program Guidelines Section B)	Upon receipt of signed sub-grant award notification

D (PARTS 2-8). DESCRIPTIVE INFORMATION:

(2) Describe the SEA’s process for reviewing an LEA’s annual goals for student achievement for its Tier I and Tier II schools and how the SEA will determine whether to renew an LEA’s School Improvement Grant with respect to one or more Tier I or Tier II schools in the LEA that are not meeting those goals and making progress on the leading indicators in section III of the final requirements.

(3) Describe the SEA’s process for reviewing the goals an LEA establishes for its Tier III schools (subject to approval by the SEA) and how the SEA will determine whether to renew an LEA’s School Improvement Grant with respect to one or more Tier III schools in the LEA that are not meeting those goals.

(4) Describe how the SEA will monitor each LEA that receives a School Improvement Grant to ensure that it is implementing a school intervention model fully and effectively in the Tier I and Tier II schools the LEA is approved to serve.

(5) Describe how the SEA will prioritize School Improvement Grants to LEAs if the SEA does not have sufficient school improvement funds to serve all eligible schools for which each LEA applies.

(6) Describe the criteria, if any, that the SEA intends to use to prioritize among Tier III schools.

(7) If the SEA intends to take over any Tier I or Tier II schools, identify those schools and indicate the school intervention model the SEA will implement in each school.

(8) If the SEA intends to provide services directly to any schools in the absence of a takeover, identify those schools and, for Tier I or Tier II schools, indicate the school intervention model the SEA will implement in each school and provide evidence of the LEA’s approval to have the SEA provide the services directly.³

³ If, at the time an SEA submits its application, it has not yet determined whether it will provide services directly to any schools in the absence of a takeover, it may omit this information from its application. However, if the SEA later decides that it will provide such services, it must amend its application to provide the required information.

SEA is using the same descriptive information as FY 2009.

SEA has revised its descriptive information for FY 2010.

Insert response to Section D (Parts 2-8) Descriptive Information here:

(2) Reviewing LEA’s Annual Improvement Goals for Tier I and Tier II Schools

Each participating LEA must establish clear and measurable goals for student achievement on the state’s assessments in reading/language arts and

mathematics, using Standardized Testing and Reporting (STAR) Program data, AYP, and API. The CDE will use annual results from these assessment and accountability systems to determine progress made and compare them with LEA applicant goals in reading/language arts and mathematics for all students and subgroup categories to determine whether the funded LEA Tier I and Tier II schools have met their goals. In cases in which one or more of the schools served in an LEA are not meeting their improvement goals, the LEA's sub-grant will be considered for a reduction equivalent to the annual award for the non-achieving school(s) with the intent that the school(s) no longer receives funds.

(3) Reviewing LEAs' Annual Improvement Goals for Tier III Schools

As is required for Tier I and Tier II schools, each participating LEA must establish clear and measurable goals for student achievement in reading/language arts and mathematics for Tier III schools based on STAR Program data, AYP, and API. The CDE will use annual results from these assessment and accountability systems to determine progress made in Tier III schools and compare them with LEA student achievement goals in reading/language arts and mathematics for all students and subgroup categories to determine whether the funded LEAs have met their goals. In cases in which one or more of the schools served in an LEA are not meeting their improvement goals, the LEA's sub-grant will be considered for a reduction equivalent to the annual award for the non-performing school(s) with the intent that the school(s) no longer receive(s) funding.

(4) Monitoring LEAs That Receive a School Improvement Sub-grant

Monitoring LEAs That Receive a School Improvement Sub-grant

To fulfill its monitoring responsibilities, the CDE will require participating LEAs to submit appropriate fiscal and program information quarterly using the online tracking system to monitor the implementation process (see below). The CDE will review the reported online information in addition to annual LEA and school academic performance data to determine whether schools are making appropriate progress in the implementation of the identified school intervention model(s) and in meeting student achievement goals. CDE staff

will review the quarterly and annual reports and make calls to LEAs and participating schools as necessary. The SBE will consider a school's progress and performance on these measures when determining whether to make a reduction equivalent to the annual award for the non-performing school(s) with the intent that the school(s) no longer receives funding.

The CDE will conduct periodic SIG TA Webinars based on questions received from funded schools. CDE regional consultants will also hold regular telephone meetings with LEAs funded by SIG.

In addition, representatives of the state and/or the regional consortia will conduct site visits to a selected representative sample of approximately one-third of participating schools annually. The purpose of these visits would be to validate information submitted by LEAs and gather additional information from interviews and observations for technical assistance, monitoring, and evaluation purposes.

LEAs will also be required to provide regular updates throughout the year to the CDE on Implementation Chart progress for each funded school.

Annual Reports

The CDE will annually review the following information that is to be submitted by each SIG sub-grantee:

- i. Report annual accountability data to the CDE including, but not limited to:
 - Fiscal information on the use of sub-grant funds provided under ESEA Section 1003 (a) and (g) and the Consolidated Appropriations Act. All audits of financial statements must and will be conducted in accordance with Government Auditing Standards (GAS) and with policies, procedures, and guidelines established by the Education Department General Administrative Regulations (EDGAR), Single Audit Act Amendments, and Office of Management and Budget Circular A-133.
 - Measures to demonstrate implementation of the research and evidence-based strategies identified in the sub-grant application.

Each participating LEA must establish clear, measurable, and challenging goals for student achievement on the state's assessments in reading/language arts and mathematics, Standardized Testing and Reporting Program data, AYP, and API

for each school. The CDE will use annual results from these assessment and accountability systems to determine progress made and compare them with LEA applicant goals for each funded school in reading/language arts and mathematics for all students and subgroup.

- ii. Respond to any specific data requests from ED.
- iii. Utilize actions and activities identified in the LEA's implementation chart for each school and their respective implementation timelines to determine implementation progress. Also, review student achievement data and performance benchmarks to evaluate the effectiveness of improvement strategies identified in the SIG sub-grant application for purposes of local monitoring and continuous improvement efforts.

The CDE will review each LEA's progress in meeting its established improvement goals and make a recommendation to the SBE on whether to renew an LEA's SIG when one or more schools are not meeting their goals. When it has been determined that an LEA has not made sufficient progress towards reaching its goals, the sub-grant will be considered for a reduction equivalent to the annual award for the non-performing school(s) with the intent that the school(s) no longer receive funding.

Leading Indicators

The SEA will also review the performance of participating schools on the nine leading indicators identified by ED in its November 1, 2010, SIG Guidance, and will consider progress on these indicators when determining whether to adjust an LEA's sub-grant. For those indicators for which the CDE does not currently collect data, the CDE will require that funded LEAs include this information in their annual reports for this program.

Site Visits

When selected as part of a site visit sample, LEAs and their participating schools will be visited by representatives of the regional consortia and/or state staff to validate information provided in expenditure and program evaluation reports and gather more detailed information on implementation efforts and challenges.

(5) SIG funding priority to LEAs

The CDE will allocate SIG funds to LEAs in accordance with the following priorities:

California anticipates that SIG funding will not be sufficient to fund all eligible Tier I, Tier II, and Tier III schools. LEA applications to serve Tier I and Tier II schools will have highest priority for funding. LEA applications ranked using the rubric identified in the LEA RFA. A priority ranking has been calculated for each LEA based on the percentage of students scoring at Below Basic (BB) and Far Below Basic (FBB) on the 2009–10 California Standards Tests for the remaining identified FY 2009 unserved schools in the LEA. This is calculated by taking the total number of FBB and BB students at remaining identified schools in the LEA divided by the total number of valid scores for the remaining identified schools in the LEA. The LEAs with a higher percentage of FBB and BB students based on their identified schools would receive priority for funding. In addition, the geographic distribution of FY 2009 Tier I and Tier II schools throughout the state will be considered when making funding recommendations. To this end, a priority ranking of schools that was used to generate the LEA priority ranking described above will be used to prioritize schools for funding within the LEA.

In making final grant award determinations, the SEA may consider other criteria including an LEA's capacity to implement the selected school interventions, the number of schools served in each tier, the selected intervention model, school enrollment, and the overall quality of LEA applications.

(6) Criteria to Prioritize Among Tier III Schools

Criteria to prioritize applications of Tier III schools may be based on the year in PI, length of time in PI beyond year five PI status, year of LEA PI status, decile rank on California's API accountability system, and actual API performance in recent years.

(7) CDE Takeover of Schools

The CDE does not intend to take over a SIG applicant school.

(8) SEA direct services to any participating school in Tier I or II

The CDE does not intend to provide direct services to any schools in Tier I or Tier II.

E. ASSURANCES

By submitting this application, the SEA assures that it will do the following (check each box):

- Comply with the final requirements and ensure that each LEA carries out its responsibilities.
- Award each approved LEA a School Improvement Grant in an amount that is of sufficient size and scope to implement the selected intervention in each Tier I and Tier II school that the SEA approves the LEA to serve.
- Ensure, if the SEA is participating in the Department's differentiated accountability pilot, that its LEAs will use school improvement funds consistent with the final requirements.
- Monitor each LEA's implementation of the "rigorous review process" of recruiting, screening, and selecting external providers as well as the interventions supported with school improvement funds.
- To the extent a Tier I or Tier II school implementing the restart model becomes a charter school LEA, hold the charter school operator or charter management organization accountable, or ensure that the charter school authorizer holds the respective entity accountable, for meeting the final requirements.
- Post on its Web site, within 30 days of awarding School Improvement Grants, all final LEA applications and a summary of the grants that includes the following information: name and NCES identification number of each LEA awarded a grant; total amount of the three year grant listed by each year of implementation; name and NCES identification number of each school to be served; and type of intervention to be implemented in each Tier I and Tier II school.
- Report the specific school-level data required in section III of the final requirements.

F. SEA RESERVATION: The SEA may reserve an amount not to exceed five percent of its School Improvement Grant for administration, evaluation, and technical assistance expenses.

The SEA must briefly describe the activities related to administration, evaluation, and technical assistance that the SEA plans to conduct with any State-level funds it chooses to reserve from its School Improvement Grant allocation.

Insert response to Section F SEA Reservation here:

The CDE will reserve no more than five percent for its administration, evaluation, and technical assistance expenses.

The CDE will use these funds to conduct annual data collection and analysis activities, provide general technical assistance activities related to application submission and acceptable uses of funds, and coordinate direct technical assistance to schools to be provided by the Statewide System of Support. In addition, a small portion of the state reservation will be used to facilitate the random site visits to funded schools as part of California's plan for SIG program monitoring and technical assistance. The SEA will conduct a series of webinars and conference calls relating to the SIG LEA RFA application process, expanded Statewide System of School Support meetings to inform regional directors about the application and implementation process, ongoing one-on-one technical assistance from CDE staff to eligible applicants, and CDE Web page postings of frequently asked questions and answers and other pertinent information concerning SIG implementation.

LEAs receiving SIG grant awards must participate in a statewide evaluation process and provide all required information on a timely basis. In addition, LEAs must respond to any additional surveys or other methods of data collection that may be required by the CDE or ED throughout the life of the sub-grant.

G. CONSULTATION WITH STAKEHOLDERS: The SEA must consult with its Committee of Practitioners and is encouraged to consult with other stakeholders regarding its application for a School Improvement Grant.

Before submitting its application for a School Improvement Grant to the Department, the SEA must consult with its Committee of Practitioners established under section 1903(b) of the ESEA regarding the rules and policies contained therein.

The SEA has consulted with its Committee of Practitioners regarding the information set forth in its application.

The SEA may also consult with other stakeholders that have an interest in its application.

The SEA has consulted with other relevant stakeholders, including

H. WAIVERS: SEAs are invited to request waivers of the requirements set forth below. An SEA must check the corresponding box(es) to indicate which waiver(s) it is requesting.

WAIVERS OF SEA REQUIREMENTS

Enter State Name Here California requests a waiver of the State-level requirements it has indicated below. The State believes that the requested waiver(s) will increase its ability to implement the SIG program effectively in eligible schools in the State in order to improve the quality of instruction and raise the academic achievement of students in Tier I, Tier II, and Tier III schools.

Waiver 1: Tier II waiver

In order to enable the State to generate new lists of Tier I, Tier II, and Tier III schools for its FY 2010 competition, waive paragraph (a)(2) of the definition of “persistently lowest-achieving schools” in Section I.A.3 of the SIG final requirements and incorporation of that definition in identifying Tier II schools under Section I.A.1(b) of those requirements to permit the State to include, in the pool of secondary schools from which it determines those that are the persistently lowest-achieving schools in the State, secondary schools participating under Title I, Part A of the ESEA that have not made adequate yearly progress (AYP) for at least two consecutive years or are in the State’s lowest quintile of performance based on proficiency rates on the State’s assessments in reading/language arts and mathematics combined.

Assurance

The State assures that it will include in the pool of schools from which it identifies its Tier II schools all Title I secondary schools not identified in Tier I that either (1) have not made AYP for at least two consecutive years; or (2) are in the State’s lowest quintile of performance based on proficiency rates on the State’s assessments in reading/language arts and mathematics combined. Within that pool, the State assures that it will identify as Tier II schools the persistently lowest-achieving schools in accordance with its approved definition. The State is attaching the list of schools and their level of achievement (as determined under paragraph (b) of the definition of “persistently lowest-achieving schools”) that would be identified as Tier II schools without the waiver and those that would be identified with the waiver. The State assures that it will ensure that any LEA that chooses to use SIG funds in a Title I secondary school that becomes an eligible Tier II school based on this waiver will comply with the SIG final requirements for serving that school.

Note: An SEA that requested and received the Tier II waiver for its FY 2009 definition of “persistently lowest achieving schools” should request the waiver again only if it is generating new lists of Tier I, Tier II, and Tier III schools.

Waiver 2: n-size waiver

In order to enable the State to generate new lists of Tier I, Tier II, and Tier III schools for its FY 2010 competition, waive the definition of “persistently lowest-achieving schools” in Section I.A.3 of the SIG final requirements and the use of that definition in Section I.A.1(a) and (b) of those requirements to permit the State to exclude, from the pool of schools from which it identifies the persistently lowest-achieving schools for Tier I and Tier II, any school in which the total number of students in the “all students” group in the grades assessed is less than **[Please indicate number]** .

Assurance

The State assures that it determined whether it needs to identify five percent of schools or five schools in each tier prior to excluding small schools below its “minimum n.” The State is attaching, and will post on its Web site, a list of the schools in each tier that it will exclude under this waiver and the number of students in each school on which that determination is based. The State will include its “minimum n” in its definition of “persistently lowest-achieving schools.” In addition, the State will include in its list of Tier III schools any schools excluded from the pool of schools from which it identified the persistently lowest-achieving schools in accordance with this waiver.

Note: An SEA that requested and received the n-size waiver for its FY 2009 definition of “persistently lowest-achieving schools” should request the waiver again only if it is generating new lists of Tier I, Tier II, and Tier III schools.

Waiver 3: New list waiver

Because the State neither must nor elects to generate new lists of Tier I, Tier II, and Tier III schools, waive Sections I.A.1 and II.B.10 of the SIG final requirements to permit the State to use the same Tier I, Tier II, and Tier III lists it used for its FY 2009 competition.

Assurance

The State assures that it has five or more unserved Tier I schools on its FY 2009 list.

WAIVERS OF LEA REQUIREMENTS

Enter State Name Here California requests a waiver of the requirements it has indicated below. These waivers would allow any local educational agency (LEA) in the State that receives a School Improvement Grant to use those funds in accordance with the final requirements for School Improvement Grants and the LEA’s application for a grant.

The State believes that the requested waiver(s) will increase the quality of instruction for students and improve the academic achievement of students in Tier I, Tier II, and Tier III schools by enabling an LEA to use more effectively the school improvement funds to implement one of the four school intervention models in its Tier I, Tier II, or Tier III schools. The four school intervention models are specifically designed to raise substantially the achievement of students in the State’s Tier I, Tier II, and Tier III schools.

Waiver 4: School improvement timeline waiver

Waive section 1116(b)(12) of the ESEA to permit LEAs to allow their Tier I, Tier II, and Tier III Title I participating schools that will fully implement a turnaround or restart model beginning in the 2011–2012 school year to “start over” in the school improvement timeline.

Assurances

The State assures that it will permit an LEA to implement this waiver only if the LEA receives a School Improvement Grant and requests the waiver in its application as part of a plan to implement the turnaround or restart model beginning in 2011–2012 in a school that the SEA has approved it to serve. As such, the LEA may only implement the waiver in Tier I, Tier II, and Tier III schools, as applicable, included in its application.

The State assures that, if it is granted this waiver, it will submit to the U.S. Department of Education a report that sets forth the name and NCES District Identification Number for each LEA implementing a waiver.

Note: An SEA that requested and received the school improvement timeline waiver for the FY 2009 competition and wishes to also receive the waiver for the FY 2010 competition must request the waiver again in this application.

Schools that started implementation of a turnaround or restart model in the 2010-2011 school year cannot

request this waiver to “start over” their school improvement timeline again.

Waiver 5: Schoolwide program waiver

Waive the 40 percent poverty eligibility threshold in section 1114(a)(1) of the ESEA to permit LEAs to implement a schoolwide program in a Tier I, Tier II, or Tier III Title I participating school that does not meet the poverty threshold and is fully implementing one of the four school intervention models.

Assurances

The State assures that it will permit an LEA to implement this waiver only if the LEA receives a School Improvement Grant and requests to implement the waiver in its application. As such, the LEA may only implement the waiver in Tier I, Tier II, and Tier III schools, as applicable, included in its application.

The State assures that, if it is granted this waiver, it will submit to the U.S. Department of Education a report that sets forth the name and NCES District Identification Number for each LEA implementing a waiver.

Note: An SEA that requested and received the schoolwide program waiver for the FY 2009 competition and wishes to also receive the waiver for the FY 2010 competition must request the waiver again in this application.

PERIOD OF AVAILABILITY WAIVER

Enter State Name Here California requests a waiver of the requirement indicated below. The State believes that the requested waiver will increase its ability to implement the SIG program effectively in eligible schools in the State in order to improve the quality of instruction and improve the academic achievement of students in Tier I, Tier II, and Tier III schools.

Waiver 6: Period of availability of FY 2009 carryover funds waiver

Waive section 421(b) of the General Education Provisions Act (20 U.S.C. § 1225(b)) to extend the period of availability of FY 2009 carryover school improvement funds for the SEA and all of its LEAs to September 30, 2014.

Note: This waiver only applies to FY 2009 carryover funds. An SEA that requested and received this waiver for the FY 2009 competition and wishes to also receive the waiver to apply to FY 2009 carryover funds in order to make them available for three full years for schools awarded SIG funds through the FY 2010 competition must request the waiver again in this application.

ASSURANCE OF NOTICE AND COMMENT PERIOD – APPLIES TO ALL WAIVER REQUESTS
(Must check if requesting one or more waivers)

The State assures that, prior to submitting its School Improvement Grant application, the State provided all LEAs in the State that are eligible to receive a School Improvement Grant with notice and a reasonable opportunity to comment on its waiver request(s) and has attached a copy of that notice as well as copies of any comments it received from LEAs. The State also assures that it provided notice and information regarding the above waiver request(s) to the public in the manner in which the State customarily provides such notice and information to the public (e.g., by publishing a notice in the newspaper; by posting information on its Web site) and has attached a copy of, or link to, that notice.

PART II: LEA REQUIREMENTS

An SEA must develop an LEA application form that it will use to make subgrants of school improvement funds to eligible LEAs. That application must contain, at a minimum, the information set forth below. An SEA may include other information that it deems necessary in order to award school improvement funds to its LEAs.

Please note that for FY 2010, an SEA must develop or update its LEA application form to include information on any activities, as well as the budget for those activities, that LEAs plan to carry out during the pre-implementation period to help prepare for full implementation in the following school year.

The SEA must submit its LEA application form with its application to the Department for a School Improvement Grant. The SEA should attach the LEA application form in a separate document.

LEA APPLICATION REQUIREMENTS

A. SCHOOLS TO BE SERVED: An LEA must include the following information with respect to the schools it will serve with a School Improvement Grant.

An LEA must identify each Tier I, Tier II, and Tier III school the LEA commits to serve and identify the model that the LEA will use in each Tier I and Tier II school.

SCHOOL NAME	NCES ID #	TIER I	TIER II	TIER III	INTERVENTION (TIER I AND II ONLY)			
					turnaround	restart	closure	transformation

Note: An LEA that has nine or more Tier I and Tier II schools may not implement the transformation model in more than 50 percent of those schools.

B. DESCRIPTIVE INFORMATION: An LEA must include the following information in its application for a School Improvement Grant.

- (1) For each Tier I and Tier II school that the LEA commits to serve, the LEA must demonstrate that—
 - The LEA has analyzed the needs of each school and selected an intervention for each school; and
 - The LEA has the capacity to use school improvement funds to provide adequate resources and related support to each Tier I and Tier II school identified in the LEA’s application in order to implement, fully and effectively, the required activities of the school intervention model it has selected.
- (2) If the LEA is not applying to serve each Tier I school, the LEA must explain why it lacks capacity to serve each Tier I school.
- (3) The LEA must describe actions it has taken, or will take, to—
 - Design and implement interventions consistent with the final requirements;
 - Recruit, screen, and select external providers, if applicable, to ensure their quality;
 - Align other resources with the interventions;
 - Modify its practices or policies, if necessary, to enable its schools to implement the interventions fully and effectively; and
 - Sustain the reforms after the funding period ends.
- (4) The LEA must include a timeline delineating the steps it will take to implement the selected intervention in each Tier I and Tier II school identified in the LEA’s application.
- (5) The LEA must describe the annual goals for student achievement on the State’s assessments in both reading/language arts and mathematics that it has established in order to monitor its Tier I and Tier II schools that receive school improvement funds.
- (6) For each Tier III school the LEA commits to serve, the LEA must identify the services the school will receive or the activities the school will implement.
- (7) The LEA must describe the goals it has established (subject to approval by the SEA) in order to hold accountable its Tier III schools that receive school improvement funds.
- (8) As appropriate, the LEA must consult with relevant stakeholders regarding the LEA’s application and implementation of school improvement models in its Tier I and Tier II schools.

C. BUDGET: An LEA must include a budget that indicates the amount of school improvement funds the LEA will use each year in each Tier I, Tier II, and Tier III school it commits to serve.

The LEA must provide a budget that indicates the amount of school improvement funds the LEA will use each year to—

- Implement the selected model in each Tier I and Tier II school it commits to serve;
- Conduct LEA-level activities designed to support implementation of the selected school intervention models in the LEA’s Tier I and Tier II schools; and
- Support school improvement activities, at the school or LEA level, for each Tier III school identified in the LEA’s application.

Note: An LEA’s budget should cover three years of full implementation and be of sufficient size and scope to implement the selected school intervention model in each Tier I and Tier II school the LEA commits to serve. Any funding for activities during the pre-implementation period must be included in the first year of the LEA’s three-year budget plan.

An LEA’s budget for each year may not exceed the number of Tier I, Tier II, and Tier III schools it commits to serve multiplied by \$2,000,000 or no more than \$6,000,000 over three years.

Example:

LEA XX BUDGET					
	Year 1 Budget		Year 2 Budget	Year 3 Budget	Three-Year Total
	Pre-implementation	Year 1 - Full Implementation			
Tier I ES #1	\$257,000	\$1,156,000	\$1,325,000	\$1,200,000	\$3,938,000
Tier I ES #2	\$125,500	\$890,500	\$846,500	\$795,000	\$2,657,500
Tier I MS #1	\$304,250	\$1,295,750	\$1,600,000	\$1,600,000	\$4,800,000
Tier II HS #1	\$530,000	\$1,470,000	\$1,960,000	\$1,775,000	\$5,735,000
LEA-level Activities	\$250,000		\$250,000	\$250,000	\$750,000
Total Budget	\$6,279,000		\$5,981,500	\$5,620,000	\$17,880,500

D. ASSURANCES: An LEA must include the following assurances in its application for a School Improvement Grant.

The LEA must assure that it will—

- (1) Use its School Improvement Grant to implement fully and effectively an intervention in each Tier I and Tier II school that the LEA commits to serve consistent with the final requirements;
- (2) Establish annual goals for student achievement on the State’s assessments in both reading/language arts and mathematics and measure progress on the leading indicators in section III of the final requirements in order to monitor each Tier I and Tier II school that it serves with school improvement funds, and establish goals (approved by the SEA) to hold accountable its Tier III schools that receive school improvement funds;
- (3) If it implements a restart model in a Tier I or Tier II school, include in its contract or agreement terms and provisions to hold the charter operator, charter management organization, or education management organization accountable for complying with the final requirements; and
- (4) Report to the SEA the school-level data required under section III of the final requirements.

E. WAIVERS: If the SEA has requested any waivers of requirements applicable to the LEA’s School Improvement Grant, an LEA must indicate which of those waivers it intends to implement.

The LEA must check each waiver that the LEA will implement. If the LEA does not intend to implement the waiver with respect to each applicable school, the LEA must indicate for which schools it will implement the waiver.

- “Starting over” in the school improvement timeline for Tier I and Tier II Title I participating schools implementing a turnaround or restart model.
- Implementing a schoolwide program in a Tier I or Tier II Title I participating school that does not meet the 40 percent poverty eligibility threshold.

APPENDIX A

SEA ALLOCATIONS TO LEAS AND LEA BUDGETS

Continuing Impact of ARRA School Improvement Grant Funding in FY 2010

Congress appropriated \$546 million for School Improvement Grants in FY 2010. In addition, most States will be carrying over a portion of their FY 2009 SIG allocations, primarily due to the requirement in section II.B.9(a) of the SIG final requirements that if not every Tier I school in a State was served with FY 2009 SIG funds, the State was required to carry over 25 percent of its FY 2009 SIG allocation, combine those funds with the State's FY 2010 SIG allocation, and award the combined funding to eligible LEAs consistent with the SIG final requirements. In FY 2009, the combination of \$3 billion in School Improvement Grant funding from the American Recovery and Reinvestment Act and \$546 million from the regular FY 2009 appropriation created a unique opportunity for the program to provide the substantial funding over a multi-year period to support the implementation of school intervention models. In response to this opportunity, the Department encouraged States to apply for a waiver extending the period of availability of FY 2009 SIG funds until September 30, 2013 so that States could use these funds to make three-year grant awards to LEAs to support the full and effective implementation of school intervention models in their Tier I and Tier II schools. All States with approved FY 2009 SIG applications applied for and received this waiver to extend the period of availability of FY 2009 SIG funds and, consistent with the final SIG requirements, are using FY 2009 funds to provide a full three years of funding (aka, "frontloading") to support the implementation of school intervention models in Tier I and Tier II schools.

The Department encouraged frontloading in FY 2009 because the extraordinary amount of SIG funding available in FY 2009 meant that, if those funds had been used to fund only the first year of implementation of a school intervention model, *i.e.*, to make first-year only awards, there would not have been sufficient funding for continuation awards in years two and three of the SIG award period (*i.e.*, SIG funding in FY 2009 was seven times the amount provided through the regular appropriation). Similarly, the estimated nearly \$1.4 billion in total SIG funding available in FY 2010 (an estimated \$825 million in FY 2009 SIG carryover funds plus the \$546 million FY 2010 SIG appropriation) is larger than the expected annual SIG appropriation over the next two fiscal years; if all funds available in FY 2010 were used to make the first year of three-year awards to LEAs for services to eligible Tier I and Tier II schools, there would not be sufficient funds to make continuation awards in subsequent fiscal years.

Maximizing the Impact of Regular FY 2010 SIG Allocations

Continuing the practice of frontloading SIG funds in FY 2010 with respect to all SIG funds that are available for the FY 2010 competition (FY 2009 carryover funds plus the FY 2010 appropriation) would, in many States, limit the number of Tier I and Tier II schools that can be served as a result of the FY 2010 SIG competition. For this reason, the Department believes that, for most States, the most effective method of awarding FY 2010 SIG funds to serve the maximum number of Tier I and Tier II schools that have the capacity to fully and effectively implement a school intervention model is to frontload FY 2009 carryover funds while using FY 2010 SIG funds to make first-year only awards.

For example, if a State has \$36 million in FY 2009 carryover SIG funds and \$21 million in FY 2010 funds, and awards each school implementing a school intervention model an average of \$1 million per year over three years, the SEA would be able to fund 12 schools with FY 2009 carryover funds (*i.e.*, the \$36 million would cover all three years of funding for those 12 schools), plus an additional 21 schools with FY 2010 funds (*i.e.*, the \$21 million would cover the first year of funding for each of those schools, and the second and third years would be funded through continuation grants from subsequent SIG appropriations). Thus, the State would be able to support interventions in a total of 33 schools. However, if the same State elected to frontload all funds available for its FY 2010 SIG competition (FY 2009 carryover funds and its FY 2010 allocation), it would be able to fund interventions in only 19 schools (\$57 million divided by \$3 million per school over three years).

LEAs that receive first-year only awards would continue to implement intervention models in Tier I and Tier II schools over a three-year award period; however, second- and third-year continuation grants would be awarded from SIG appropriations in subsequent fiscal years. This practice of making first-year awards from one year's appropriation and continuation awards from funds appropriated in subsequent fiscal years is similar to the practice used for many U.S. Department of Education discretionary grant programs.

States with FY 2009 SIG carryover funds are invited to apply, as in their FY 2009 applications, for the waiver to extend the period of availability of these funds for one additional year to September 30, 2014. States that did not carry over FY 2009 SIG funds, or that carried over only a small amount of such funds, need not apply for this waiver; such States will use all available FY 2010 SIG funds to make first-year awards to LEAs in their FY 2010 SIG competitions.

Continuation of \$2 Million Annual Per School Cap

For FY 2010, States continue to have flexibility to award up to \$2 million annually for each participating school. This flexibility applies both to funds that are frontloaded and those that are used for first-year only awards. As in FY 2009, this higher limit will permit an SEA to award the amount that the Department believes typically would be required for the successful

implementation of the turnaround, restart, or transformation model in a Tier I or Tier II school (*e.g.*, a school of 500 students might require \$1 million annually, whereas a large, comprehensive high school might require the full \$2 million annually).

In addition, the annual \$2 million per school cap, which permits total per-school funding of up to \$6 million over three years, reflects the continuing priority on serving Tier I or Tier II schools. An SEA must ensure that all Tier I and Tier II schools across the State that its LEAs commit to serve, and that the SEA determines its LEAs have capacity to serve, are awarded sufficient school improvement funding to fully and effectively implement the selected school intervention models over the period of availability of the funds before the SEA awards any funds for Tier III schools.

The following describes the requirements and priorities that apply to LEA budgets and SEA allocations.

LEA Budgets

An LEA's proposed budget should cover a three-year period and should take into account the following:

1. The number of Tier I and Tier II schools that the LEA commits to serve and the intervention model (turnaround, restart, closure, or transformation) selected for each school.
2. The budget request for each Tier I and Tier II school must be of sufficient size and scope to support full and effective implementation of the selected intervention over a period of three years. First-year budgets may be higher than in subsequent years due to one-time start-up costs.
3. The portion of school closure costs covered with school improvement funds may be significantly lower than the amount required for the other models and would typically cover only one year.
4. The LEA may request funding for LEA-level activities that will support the implementation of school intervention models in Tier I and Tier II schools.
5. The number of Tier III schools that the LEA commits to serve, if any, and the services or benefits the LEA plans to provide to these schools over the three-year grant period.
6. The maximum funding available to the LEA each year is determined by multiplying the total number of Tier I, Tier II, and Tier III schools that the LEA is approved to serve by \$2 million (the maximum amount that an SEA may award to an LEA for each participating school).

SEA Allocations to LEAs

An SEA must allocate the LEA share of school improvement funds (*i.e.*, 95 percent of the SEA's allocation from the Department) in accordance with the following requirements:

1. The SEA must give priority to LEAs that apply to serve Tier I or Tier II schools.
2. An SEA may not award funds to any LEA for Tier III schools unless and until the SEA has awarded funds to serve all Tier I and Tier II schools across the State that its LEAs commit to serve and that the SEA determines its LEAs have capacity to serve.
3. An LEA with one or more Tier I schools may not receive funds to serve only its Tier III schools.
4. In making awards consistent with these requirements, an SEA must take into account LEA capacity to implement the selected school interventions, and also may take into account other factors, such as the number of schools served in each tier and the overall quality of LEA applications.
5. An SEA that does not have sufficient school improvement funds to allow each LEA with a Tier I or Tier II school to implement fully the selected intervention models may take into account the distribution of Tier I and Tier II schools among such LEAs in the State to ensure that Tier I and Tier II schools throughout the State can be served.
6. Consistent with the final requirements, an SEA may award an LEA less funding than it requests. For example, an SEA that does not have sufficient funds to serve fully all of its Tier I and Tier II schools may approve an LEA's application with respect to only a portion of the LEA's Tier I or Tier II schools to enable the SEA to award school improvement funds to Tier I and Tier II schools across the State. Similarly, an SEA may award an LEA funds sufficient to serve only a portion of the Tier III schools the LEA requests to serve.
7. Note that the requirement in section II.B.9(a) of the SIG requirements, under which an SEA that does not serve all of its Tier I schools must carry over 25 percent of its FY 2009 SIG allocation to the following year, does not apply to FY 2010 SIG funds.

An SEA's School Improvement Grant award to an LEA must:

1. Include not less than \$50,000 or more than \$2 million per year for each participating school (*i.e.*, the Tier I, Tier II, and Tier III schools that the LEA commits to serve and that the SEA approves the LEA to serve).
2. Provide sufficient school improvement funds to implement fully and effectively one of the four intervention models in each Tier I and Tier II school the SEA approves the LEA to serve or close, as well as sufficient funds for serving participating Tier III schools. An

SEA may reduce an LEA's requested budget by any amounts proposed for interventions in one or more schools that the SEA does not approve the LEA to serve (*i.e.*, because the LEA does not have the capacity to serve the school or because the SEA is approving only a portion of Tier I and Tier II schools in certain LEAs in order to serve Tier I and Tier II schools across the State). An SEA also may reduce award amounts if it determines that an LEA can implement its planned interventions with less than the amount of funding requested in its budget.

3. Consistent with the priority in the final requirements, provide funds for Tier III schools only if the SEA has already awarded funds for all Tier I and Tier II schools across the State that its LEAs commit to serve and that the SEA determines its LEAs have capacity to serve.
4. Include any requested funds for LEA-level activities that support implementation of the school intervention models.
5. Apportion any FY 2009 carryover school improvement funds so as to provide funding to LEAs over three years (assuming the SEA has requested and received a waiver to extend the period of availability to September 30, 2014).
6. Use FY 2010 school improvement funds to make the first year of three-year grant awards to LEAs (unless the SEA has received a waiver of the period of availability for its FY 2010 funds). Continuation awards for years 2 and 3 would come from SIG appropriations in subsequent fiscal years.

APPENDIX B

	Schools an SEA MUST identify in each tier	Newly eligible schools an SEA MAY identify in each tier
Tier I	Schools that meet the criteria in paragraph (a)(1) in the definition of “persistently lowest-achieving schools.” [‡]	Title I eligible [§] elementary schools that are no higher achieving than the highest-achieving school that meets the criteria in paragraph (a)(1)(i) in the definition of “persistently lowest-achieving schools” <u>and</u> that are: <ul style="list-style-type: none"> • in the bottom 20% of all schools in the State based on proficiency rates; <u>or</u> • have not made AYP for two consecutive years.
Tier II	Schools that meet the criteria in paragraph (a)(2) in the definition of “persistently lowest-achieving schools.”	Title I eligible secondary schools that are (1) no higher achieving than the highest-achieving school that meets the criteria in paragraph (a)(2)(i) in the definition of “persistently lowest-achieving schools” or (2) high schools that have had a graduation rate of less than 60 percent over a number of years <u>and</u> that are: <ul style="list-style-type: none"> • in the bottom 20% of all schools in the State based on proficiency rates; <u>or</u> • have not made AYP for two consecutive years.
Tier III	Title I schools in improvement, corrective action, or restructuring that are not in Tier I. ^{**}	Title I eligible schools that do not meet the requirements to be in Tier I or Tier II <u>and</u> that are: <ul style="list-style-type: none"> • in the bottom 20% of all schools in the State based on proficiency rates; <u>or</u> • have not made AYP for two years.

[‡] “Persistently lowest-achieving schools” means, as determined by the State--

(a)(1) Any Title I school in improvement, corrective action, or restructuring that--

- (i) Is among the lowest-achieving five percent of Title I schools in improvement, corrective action, or restructuring or the lowest-achieving five Title I schools in improvement, corrective action, or restructuring in the State, whichever number of schools is greater; or
- (ii) Is a high school that has had a graduation rate as defined in 34 CFR 200.19(b) that is less than 60 percent over a number of years; and

(2) Any secondary school that is eligible for, but does not receive, Title I funds that--

- (i) Is among the lowest-achieving five percent of secondary schools or the lowest-achieving five secondary schools in the State that are eligible for, but do not receive, Title I funds, whichever number of schools is greater; or
- (ii) Is a high school that has had a graduation rate as defined in 34 CFR 200.19(b) that is less than 60 percent over a number of years.

[§] For the purposes of schools that may be added to Tier I, Tier II, or Tier III, “Title I eligible” schools may be schools that are eligible for, but do not receive, Title I, Part A funds or schools that are Title I participating (i.e., schools that are eligible for and do receive Title I, Part A funds).

^{**} Certain Title I schools in improvement, corrective action, or restructuring that are not in Tier I may be in Tier II rather than Tier III. In particular, certain Title I secondary schools in improvement, corrective action, or restructuring that are not in Tier I may be in Tier II if an SEA receives a waiver to include them in the pool of schools from which Tier II schools are selected or if they meet the criteria in section I.A.1(b)(ii)(A)(2) and (B) and an SEA chooses to include them in Tier II.

Timeline

A number of important dates are identified below for local educational agencies (LEAs) or chartering authorities intending to apply for School Improvement Grant (SIG) funds.

Important Events	Dates
Draft RFA posted on the California Department of Education (CDE) Web site	January 31, 2011
Final RFA posted on the CDE Web site	March 8, 2011
LEA SIG applications due to the CDE	April 15, 2011
SIG RFA readers' conference conducted by the CDE where readers evaluate and score applications	May 2–6, 2011
<p>State Board of Education (SBE) takes action on LEA applications.</p> <p>The CDE will immediately notify LEAs of approval status. LEAs receiving a FY 2010 SIG sub-grant must begin full implementation of the intervention model(s) they select for their funded school(s) at the beginning of the 2011–12 school year.</p>	July 2011 SBE Meeting
Sub-grant award notification letters sent to LEAs	Upon SBE approval at its July 2011 meeting
Optional Pre-Implementation by LEAs (See Program Guidelines Section B)	Upon receipt of signed sub-grant award notification

LEAs receiving a FY 2010 SIG sub-grant must begin full implementation of the intervention model(s) they select for their funded schools at the beginning of the 2011–12 school year, which is Year 1 of the SIG sub-grant. Those LEAs electing to carry out pre-implementation activities may begin implementation upon receipt of a Grant Award Notice from the CDE.

Initial Implementation

Specific requirements for initial implementation of each of the four intervention models are:

Turnaround Model—Schools that implement the turnaround model, including replacing the principal and up to 50 percent of instructional staff, as well as other required school improvement activities, **must have completed principal and instructional staff replacements and instituted the new school schedule that increases instructional time prior to the beginning of the 2011–12 school year.**

Restart Model—Schools that close and reopen under a charter school operator, a charter management organization (CMO), or an education management organization (EMO) **must open under the new management prior to the beginning of the 2011–12 school year.**

Closure Model—If an LEA elects to close a school and enroll the students who attended that school in other schools in the LEA that are higher achieving, the LEA **will prepare for the school’s closure during the 2011–12 school year, but must close the school no later than June 30, 2012.**

Transformation Model—Schools that implement the transformation model, including replacing the principal and increasing instructional time, as well as other required school improvement activities, **must have replaced the principal and instituted the new school schedule that increases instructional time prior to the beginning of the 2011–12 school year.**

General Information

A. Overview

Hereafter, the term California Department of Education (CDE) refers to the CDE operating under the policy direction of the State Board of Education (SBE). For information regarding the definition of terms used in this document, refer to the U.S. Department of Education (ED) Web site at <http://www2.ed.gov/programs/sif/2010-377a.doc> (Outside Source).

SIG, authorized under Section 1003(g) of Title I, Part A, of the Elementary and Secondary Education Act (ESEA), provides funding, through state educational agencies (SEAs), to LEAs and independent charter schools that received Title I funds and have at least one school identified in Tier I, Tier II, or Tier III. These funds are for identified and approved schools that demonstrate the greatest need and the strongest commitment to use the funds. These sub-grants are intended to provide adequate resources in order to raise substantially the achievement of students to enable the schools to make adequate yearly progress and exit improvement status.

SIG funding will be provided to LEAs with schools that meet eligibility requirements as defined by ED according to prescribed priorities and evidence of greatest need and demonstration of greatest commitment. Based on the priorities for SIG, California will specifically base its funding on the state's list of remaining unserved 2009 "persistently lowest-achieving" schools—Tier I and Tier II schools. California will prioritize funding based on a determination of schools with greatest need and the geographic distribution of all Tier I and Tier II schools throughout the state. California will not fund any Tier III schools until all LEA applications to serve Tier I or Tier II schools are funded. Given the substantial numbers of Tier I and Tier II schools on California's list of SIG-eligible schools, California does not anticipate funding any Tier III schools with the FY 2010 SIG funds.

The CDE will provide guidance to LEAs as they plan, implement, monitor, and evaluate selected intervention models in their lowest achieving schools. The state will also work to ensure that schools successfully implement one of the four school intervention models by promoting district partnerships to share expertise and lessons learned in ways known to build upon and sustain success. The services provided to Tier I, Tier II, and Tier III schools are clearly focused on making sure that schools are equipped to maximize student success. Ongoing technical assistance will be provided to LEAs during sub-grant implementation.

LEAs that currently receive District Assistance and Intervention Team (DAIT) services will be required to describe how they will coordinate their DAIT and SIG improvement activities to improve performance in their lowest-achieving schools. LEAs must identify the major LEA improvement actions and describe how the LEA will align proposed SIG improvement activities with the recommendations of the DAIT, if appropriate. LEAs receiving DAIT services will continue to participate in the DAIT process and will still be subject to the Program Improvement (PI) sanctions the SBE deems necessary.

B. Opportunity to Improve

To receive a SIG sub-grant, an LEA must submit an application to the CDE that complies with the provisions herein. These funds are intended to support research-based, effective and sustainable school improvement activities that increase the likelihood that all students learn challenging academic content and achieve proficiency on state assessments in reading/language arts and mathematics.

For FY 2010, California is scheduled to receive approximately \$66 million through the ED Appropriations Act of 2010.

FY 2010 SIG funds are available for obligation by the CDE and LEAs from July 1, 2011, through September 30, 2012.

C. Eligibility

California neither must nor elects to generate new lists of Tier I, Tier II and Tier III Schools. Therefore, the CDE has requested a waiver of sections I.A.1 and II.B.10 of the SIG final requirements to permit the state to use the same Tier I, Tier II, and Tier III lists it used in the FY 2009 competition. As a result, the remaining 96 unserved Tier I, Tier II, and Tier III schools from the FY 2009 SIG competition will be eligible for FY 2010 SIG funding.

Under the final requirements, as amended through the interim final requirements published in the *Federal Register* in January 2010, SIG funds will focus on each state's remaining unserved 2009 Tier I and Tier II schools. In keeping with federal requirements, California has defined "persistently lowest-achieving schools" as those that are determined to have been among the lowest five percent of schools in PI in terms of their average three-year proficiency rate for English-language arts and mathematics over three school years (2006–07, 2007–08, and 2008–09). In accordance with ED guidance, any high school in either Tier I or Tier II with a four-year graduation rate of less than 60 percent was also included. Prior to identifying specific schools, the CDE excluded from the list of potential schools those that had shown at least 50 points of growth in the Academic Performance Index (API) over a five year period (2004–05, 2005–06, 2006–07, 2007–08, and 2008–09) to address the requirement that only schools showing a lack of progress over a certain number of years should be included. In addition, schools not meeting California's established minimum group size of 100 students with valid test scores for each of the three years were excluded.

California has defined Tier II schools as the persistently lowest-achieving secondary schools that are eligible for, but do not receive, Title I, Part A funds. California was granted a waiver in FY 2009 to permit California to include among its persistently lowest-achieving Tier II secondary schools, Tier III Title I secondary schools that are lower achieving than one or more Tier II schools. They do not qualify as Tier II schools because they are receiving Title I, Part A funds, and do not qualify as Tier I schools because they are not among the lowest-achieving five percent of such schools (or lowest-achieving five such schools) in the State.

In the Tier I and Tier II schools an LEA commits to serve, the LEA must implement one of four school intervention models: turnaround model, restart model, school closure, or transformation model. If approved to do so, an LEA may also use SIG funds in Title I schools in improvement, corrective action, or restructuring that are not identified as persistently lowest-achieving schools, referred to in federal SIG guidance as "Tier III" schools.

NOTE: An LEA with a Tier I, Tier II, or Tier III school must be receiving Title I funding in order to be eligible to apply.

D. Funding Priority and Levels

Federal SIG regulations provide equal priority for funding Tier I and Tier II schools. ED requires states to award SIG funds to serve Tier I and Tier II schools that LEAs commit to serve prior to awarding any funds to an LEA to serve any Tier III schools. There may not be sufficient funding to serve all eligible schools. Therefore, California intends to fund all Tier I and Tier II schools statewide prior to funding any Tier III schools. Given this intent, LEA applicants are strongly encouraged to commit to serve all of their Tier I and Tier II schools prior to including any Tier III schools in their SIG sub-grant application.

LEA applications will be scored to determine if they are fundable. A priority ranking has been calculated for each LEA based on the percentage of students scoring at Below Basic (BB) and Far Below Basic (FBB) on the 2009–10 California Standards Tests for the remaining identified FY 2009 unserved schools in the LEA. This is calculated by taking the total number of FBB and BB students at remaining identified schools in the LEA divided by the total number of valid scores for the remaining identified schools in the LEA. The LEAs with the higher percentage of FBB and BB students based on its identified schools would receive priority for funding. In addition, the geographic distribution of FY 2009 Tier I and Tier II schools throughout the state will be considered. To this end, a priority ranking of schools that was used to generate the LEA priority ranking described above will be used to prioritize schools for funding within the LEA. This priority ranking can be found on the CDE's FY 2010 SIG Web page.

In making awards consistent with the above priorities, an LEA's capacity to implement the selected school interventions, and other factors, such as the number of schools served in each tier, the selected intervention model, school enrollment, and the overall quality of LEA applications will be considered. In accordance with ED Guidance, if the CDE determines that the LEA does not have the capacity to meet the needs of all schools in the application, the CDE reserves the right to fund the LEA to serve only a portion of the schools included in the LEA's application. The CDE will only consider awarding funds to those LEAs that develop and submit a comprehensive and viable application likely to improve student academic achievement. The CDE also reserves the right to fund applications at a lesser amount if the application can be implemented with less funding. Furthermore, if funding is not sufficient to fully fund all applications that merit award, the CDE reserves the right to fund applications at a lesser amount, identify which schools or sites will receive funding, and award sub-grants accordingly.

If sufficient SIG funds are not available to allow each LEA to implement fully and effectively the selected intervention model(s) at all of their Tier I and Tier II schools, the CDE will take into account the distribution of Tier I and Tier II schools among such LEAs in the State to ensure that Tier I and Tier II schools throughout the State can be served.

An approved LEA application will receive a minimum of \$50,000 and a maximum \$2,000,000 per year for each of their eligible Tier I, Tier II, and Tier III schools that

are included and approved in the sub-grant application. Funding levels will reflect the LEA's projected cost of implementing the selected intervention strategy for each school as approved by the SEA.

ED has indicated that they expect SEAs to maximize the number of schools being served. This means that California will use all of the FY 2010 funds to award only the first-year awards of a three-year SIG grant, with continuation awards for years two and three funded with subsequent federal SIG appropriations.

Program Guidelines

A. School Improvement Strategies

An LEA that wishes to receive a SIG is required to submit an application to the state identifying which schools it commits to serve from the state's list of Tier I, Tier II, and Tier III schools. Tier I and Tier II schools must implement one of the following four school intervention models (as described in the *Federal Register* and provided below) intended to improve the management and effectiveness of these schools:

(See the November 2010 SIG Guidelines on the ED Web site at <http://www2.ed.gov/programs/sif/sigguidance11012010.pdf> (Outside Source) for detailed information on each SIG school improvement model).

i. Turnaround model, which includes, among other actions, replacing the principal and rehiring no more than 50 percent of the school's staff, adopting a new governance structure, and implementing an instructional program that is research-based and vertically aligned from one grade to the next as well as aligned with California's adopted content standards. This includes English-language arts and mathematics core and intensive intervention programs that are SBE-adopted (2001 or later) in kindergarten through grade eight and standards-aligned core and intervention instructional materials in grades nine through twelve.

Required Activities:

A turnaround model is one in which an LEA implements each of the following strategies:

- a. Replace the principal and grant the new principal sufficient operational flexibility (including in staffing, calendars/time, and budgeting) to implement fully and effectively a comprehensive approach in order to substantially improve student achievement outcomes and increase high school graduation rates
- b. Use locally-adopted competencies to measure the effectiveness of staff who can work within the turnaround environment to meet the needs of

students, to screen all existing staff and rehire no more than 50 percent, and select new staff

- c. Implement such strategies as (1) financial incentives, (2) increased opportunities for promotion and career growth, and (3) more flexible work conditions that are designed to recruit, place, and retain staff with the skills necessary to meet the needs of the students in the turnaround school
- d. Provide staff ongoing, high-quality, job-embedded professional development that is aligned with the school's comprehensive instructional program and designed with school staff to ensure that they are equipped to facilitate effective teaching and learning and have the capacity to successfully implement school reform strategies
- e. Adopt a new governance structure, which may include, but is not limited to, requiring the school to report to a new "turnaround office" in the LEA, hire a "turnaround leader" who reports directly to the LEA, or enter into a multi-year contract with the LEA
- f. Use data to identify and implement an instructional program that is research-based and vertically aligned from one grade to the next as well as aligned with California's adopted academic standards. This includes English-language arts and mathematics core and intensive intervention programs that are SBE-adopted (2001 or later) in kindergarten-grade eight and standards-aligned core and intervention instructional materials in grades nine-twelve
- g. Promote the continuous use of student data (such as from formative, interim, and summative assessments) to inform and differentiate instruction in order to meet the academic needs of individual students
- h. Establish schedules and implement strategies that provide increased learning time
- i. Provide appropriate social-emotional and community-oriented services and supports for students

Permissible Activities:

A turnaround model may also implement other strategies such as:

- j. Any of the required and permissible activities under the transformation model
- k. A new school model

See Form 10.1 Turnaround Implementation Chart for a complete list of required components for a Tier I or Tier II school.

- ii. **Transformation model**, in which an LEA implements each of the following strategies:

Note: An LEA that has nine or more Tier I and Tier II schools, including both schools that are being served with FY 2009 SIG funds and those that are eligible to receive FY 2010 SIG funds, may implement the transformation model in no more than 50 percent of these schools.

- a. **Developing and increasing teacher and school leader (and other staff) effectiveness.**

Required Activities:

- (1) Replace the principal who led the school prior to commencement of the transformation model
- (2) Use rigorous, transparent, and equitable evaluation systems for teachers and principals that
 - (A) Take into account data on student growth as a significant factor, as well as other factors such as multiple observation-based assessments of performance and ongoing collections of professional practice reflective of student achievement and increased high school graduation rates
 - (B) Are designed and developed with teacher and principal involvement
- (3) Identify and reward school leaders, teachers, and other staff who, in implementing this model, have increased student achievement and high school graduation rates, and identify and remove those who, after ample opportunities have been provided for them to improve their professional practice, have not done so
- (4) Provide instructional staff ongoing, high-quality, job-embedded professional development that is aligned with the school's comprehensive instructional program and designed with school staff to ensure they are equipped to facilitate effective teaching and learning and have the capacity to successfully implement school reform strategies
- (5) Implement such strategies as financial incentives, increased opportunities for promotion and career growth, and more flexible work conditions that are designed to recruit, place, and retain staff with the skills necessary to meet the needs of the students in a transformation school

Permissible Activities:

- (1) Providing additional compensation to attract and retain staff with the skills necessary to meet the needs of the students in a transformation school
- (2) Instituting a system for measuring changes in instructional practices resulting from professional development
- (3) Ensuring that the school is not required to accept a teacher without the mutual consent of the teacher and principal, regardless of the teacher's seniority

b. Comprehensive instructional reform strategies

Required Activities:

- (1) Use data to identify and implement an instructional program that is research-based and vertically aligned from one grade to the next as well as aligned with California's adopted academic content standards. This includes English-language arts and mathematics core and intensive intervention programs that are SBE-adopted (2001 or later) in kindergarten-grade eight and standards-aligned core and intervention instructional materials in grades nine-twelve
- (2) Promote the continuous use of student data (such as from formative, interim, and summative assessments) to inform and differentiate instruction in order to meet the academic needs of individual students

Permissible Activities:

- (1) Conducting periodic reviews to ensure that the curriculum is being implemented with fidelity, is having the intended impact on student achievement, and is modified if deemed ineffective
- (2) Implementing a schoolwide "response-to-intervention" model
- (3) Providing additional supports and professional development to teachers and principals in order to implement effective strategies to support students with disabilities in the least restrictive environment and to ensure that English learner students acquire the English proficiency (language) skills necessary to master academic content within a certain time period
- (4) Using and integrating technology-based supports and interventions as part of the instructional program
- (5) In secondary schools
 - (A) Increasing rigor by offering opportunities for students to enroll in

advanced coursework (such as Advanced Placement; International Baccalaureate; or science, technology, engineering, and mathematics courses, especially those that incorporate rigorous and relevant project-, inquiry-, or design-based contextual learning opportunities), early-college high schools, dual enrollment programs, or thematic learning academies that prepare students for college and careers, including by providing appropriate supports designed to ensure that low-achieving students can take advantage of these programs and coursework

- (B) Improving student transition from middle to high school through summer transition programs or freshman academies
- (C) Increasing graduation rates through, for example, credit-recovery programs, re-engagement strategies, smaller learning communities, competency-based instruction and performance-based assessments, and acceleration of basic reading and mathematics skills
- (D) Establishing early-warning systems to identify students who may be at risk of failing to achieve to high standards or graduate

c. Increasing learning time and creating community-oriented schools

Required Activities:

- (1) Establish schedules and strategies that provide increased learning time
- (2) Provide ongoing mechanisms for family and community engagement

Permissible activities:

- (1) Partnering with parents and parent organizations, faith- and community-based organizations, health clinics, other state or local agencies, and others to create safe school environments that meet students' social, emotional, and health needs
- (2) Extending or restructuring the school day so as to add time for such strategies as advisory periods that build relationships between students, faculty, and other school staff
- (3) Implementing approaches to improve school climate and discipline, such as implementing a system of positive behavioral supports or taking steps to eliminate bullying and student harassment
- (4) Expanding the school program to offer full-day kindergarten or pre-kindergarten

d. Providing operational flexibility and sustained support

Required Activities:

- (1) Give the school sufficient operational flexibility (such as staffing, calendars/time, and budgeting) to implement fully a comprehensive approach to substantially improve student achievement outcomes and increase high school graduation rates
- (2) Ensure that the school receives ongoing, intensive technical assistance and related support from the LEA, the SEA, or a designated external lead partner organization (such as a school turnaround organization or an EMO)

Permissible Activities:

- (1) Allowing the school to be run under a new governance arrangement, such as a turnaround division within the LEA
- (2) Implementing a per-pupil school-based budget formula that is weighted based on student needs

See Form 10.2 Transformation Implementation Chart for a complete list of required components for a Tier I or Tier II school.

- iii. **Restart model**, in which an LEA converts a school or closes and reopens a school under a charter school operator, a CMO, or an EMO that has been selected through a locally-determined **rigorous review process**, using SEA provided guidance, by the LEA. (A CMO is a non-profit organization that operates or manages charter schools by centralizing or sharing certain functions and resources among schools. An EMO is a for-profit or non-profit organization that provides “whole-school operation” services to an LEA.) If an LEA implements a restart model in a Tier I or Tier II school, the LEA must include in its contract or agreement terms and provisions to hold the charter school operator, CMO, or EMO accountable for complying with the final requirements. A restart model school must enroll, within the grades it serves, any former student who wishes to attend the school.

See Form 10.3 Restart Implementation Chart for a complete list of required components for a Tier I or Tier II school.

- iv. **School closure**, in which an LEA closes a school and enrolls the students who attended that school in other schools in the LEA that are higher achieving. These other schools should be within reasonable proximity to the closed school and may include, but are not limited to, charter schools or new schools for which achievement data are not yet available. SIG funds may not be used in the school that is receiving students who previously attended a school that is subject to

closure in order to cover the costs associated with accommodating those students.

See Form 10.4 School Closure Implementation Chart for a complete list of required components for a Tier I or Tier II school.

B. Pre-Implementation

“Pre-implementation” enables an LEA to prepare for full implementation of a school intervention model at the start of the 2011–12 school year. To help in its preparation, an LEA may use FY 2010 and/or FY 2009 carryover SIG funds in its SIG schools after the LEA has been awarded a SIG grant for those schools based on having a fully approvable application, consistent with the SIG final requirements. As soon as it receives the funds, the LEA may use part of its first-year allocation for SIG-related activities in schools that will be served with FY 2010 and/or FY 2009 carryover SIG funds. For a full description of pre-implementation, please refer to Section J of the FY 2010 SIG Guidance.

Pre-implementation activities include, but are not limited to:

- Holding community meetings to review school performance, discuss the school intervention model to be implemented, and develop school improvement plans in line with the intervention model selected
- Conducting the required rigorous review process to select a charter school operator, a CMO, or an EMO and contract with that entity; or properly recruit, screen, and select any external providers that may be necessary to assist in planning for the implementation of an intervention model
- Recruiting and hiring the incoming principal, leadership team, instructional staff, and administrative support; or evaluate the strengths and areas of need of current staff
- Providing remediation and enrichment to students in schools that will implement an intervention model at the start of the 2011–12 school year; identifying and purchasing instructional materials aligned with state academic standards that have data-based evidence of raising student achievement; or compensate staff for instructional planning
- Training staff on the implementation of new or revised instructional programs; providing instructional support for returning staff members or training staff on the new evaluation system and locally adopted competencies
- Developing and piloting a data system for use in SIG-funded schools to analyze data on leading baseline indicators, or develop and adopt interim assessments for use in SIG-funded schools

Please Note:

- SIG funds may not be used to continue paying unassigned teachers who have been removed from the classroom and are not participating in activities to prepare their school for full implementation of a school intervention model.
- An LEA may not use SIG funds to buy out the remainder of the current principal's contract.

Pre-Implementation activities will be evaluated to ensure that SIG funds awarded for the first year cover full and effective implementation through the duration of the 2011–2012 school year, including activities carried out during the pre-implementation period. All pre-implementation activities funded with SIG funds will be reviewed to determine if they are reasonable and necessary, directly related to the full and effective implementation of the model selected by the LEA, and address the needs identified by the LEA.

C. Responsibilities of the LEA

- i. For each Tier I and Tier II school that the LEA commits to serve, the LEA must demonstrate that:
 - The LEA has analyzed the needs and the appropriateness of each model for each school and then selected the model that will be most effective for each school
 - The LEA has the capacity to use SIG funds to provide adequate resources and related support to each Tier I and Tier II school identified in the LEA's application in order to implement, fully and effectively, the required activities of the school intervention model(s) it has selected
- ii. If the LEA is not applying to serve each Tier I school identified, the LEA must explain why it lacks capacity to serve each Tier I school.
- iii. The LEA must describe actions it has taken, or will take, to:
 - Design and implement intervention(s) consistent with the final requirements that may include pre-implementation activities to be carried out prior to the beginning of the 2011–12 school year
 - Recruit, screen, and select external providers, if applicable, to ensure their quality
 - Align other resources with the intervention(s) including federal, state, private, and other district resources

- Modify its practices or policies, if necessary, to enable its schools to implement the interventions fully and effectively
 - Sustain the reforms after the funding period ends
- iv. The LEA must include a timeline delineating the steps it will take to implement the selected intervention in each Tier I and Tier II school identified in the LEA's application using the appropriate Implementation Chart.
 - v. The LEA must describe the annual school goals for student achievement on the Standardized Testing and Reporting (STAR) tests in both reading/language arts and mathematics that it has established in order to monitor its Tier I and Tier II schools that receive school improvement funds.
 - vi. For each Tier III school the LEA commits to serve, the LEA must identify the services the school will receive or the activities the school will implement.
 - vii. The LEA must describe the school goals it has established in order to hold accountable its Tier III schools that receive school improvement funds.
 - viii. As appropriate, the LEA must consult with relevant stakeholders regarding the LEA's application and implementation of school improvement models in its Tier I and Tier II schools.

D. Program Accountability and Monitoring

The CDE is responsible for monitoring LEA SIG implementation in accordance with the following program accountability requirements:

1. Each LEA receiving funding through this RFA meets the eligibility requirements for the sub-grant described herein, and the LEA has provided all required assurances that it will comply with all program implementation and reporting requirements established through this RFA.
2. Each LEA receiving funding through this RFA appropriately uses these funds to implement one of the four school improvement models described in this application.
3. Each LEA implements a selected intervention model in each school funded through this application within the timeline in which the funds provided are to be used.

To fulfill its monitoring responsibilities, the CDE will require funded LEAs to submit appropriate fiscal and program information. In addition, representatives of the state and/or the regional consortia may conduct site visits to a selected representative sample of funded LEAs and their funded schools. The purpose of these visits would be to validate information submitted by LEAs and gather additional information from

interviews and observations for technical assistance, monitoring, and evaluation purposes.

Reporting and Accountability Requirements

Applicants awarded SIG funds must satisfy periodic reporting and accountability requirements throughout the term of the sub-grant. These requirements address: (A) program accountability; (B) fiscal reporting requirements; (C) site visits; and (D) program evaluation.

A. Program Accountability

Each identified PI school and LEA receiving SIG sub-grant funds is responsible for carrying out its school improvement responsibilities under ESEA Section 1116(b) and (c) located on the ED Web site at <http://www2.ed.gov/policy/elsec/leg/esea02/pg2.html#sec1116> (Outside Source) respectively.

The LEA must include on its application a list of each of the schools served, their county/district/school (CDS) codes, their National Council on Education Statistics (NCES) Identification Number, the intervention model selected for each school, and the waivers for which the LEA is applying.

Each LEA and school receiving a SIG sub-grant is responsible for carrying out its school improvement responsibilities in accordance with its approved sub-grant application and improvement plan. This includes making progress toward annual school goals and benchmarks.

LEAs are required to provide regular updates throughout the year to the CDE on Implementation Chart progress for each funded school.

For any Tier I or Tier II school, the LEA must provide school-level data on all of the metrics designated by ED. Refer to ED's SIG Guidance Web site at <http://www2.ed.gov/programs/sif/sigguidance11012010.pdf> (Outside Source) for a complete listing of metrics and indicators.

B. Fiscal Reporting Requirements

SIG sub-grantees must submit quarterly expenditure reports to the CDE by the following dates: October 31, January 31, April 30, and July 31 for the duration of their sub-grant award. The LEA or chartering authority is responsible for ensuring that reports are accurate, complete, and submitted on time.

C. Site Visits by Regional Consortia or State Staff

If selected as part of a site visit sample, LEAs and their funded schools must agree to site visits by state representatives and/or the regional consortia. The site visit is intended to validate information provided in expenditure and program evaluation reports, gather more detailed information on implementation efforts and challenges, and provide technical assistance and support.

D. Program Evaluation

All SIG recipients will be responsible for fulfilling the following program evaluation requirements:

- i. Report annual accountability data to the CDE including, but not limited to:
 - a. Fiscal information on the use of grant funds provided under ESEA Section 1003(g)
 - b. Measures to demonstrate implementation of the research- and evidence-based strategies identified in the sub-grant application
 - c. The number and percentage of students who score proficient in reading/language arts and mathematics, as measured by the state's annual assessments, both overall in the LEA and for each school receiving funds through this application
 - d. Whether the LEA has made Annual Yearly Progress (AYP) and moved out of PI status, and whether any of the schools receiving funds through this application have made AYP and moved out of PI status
- ii. Respond to any specific data requests from the ED
- iii. Utilize annual student achievement goals and student achievement data to evaluate the effectiveness of improvement strategies identified in the SIG sub-grant application for purposes of local monitoring and continuous improvement efforts
- iv. In addition, the CDE will review the performance of participating schools on the nine leading indicators identified by ED in its November 1, 2010, SIG Guidance at <http://www2.ed.gov/programs/sif/sifguidance11012010.pdf> (Outside Source):
 - (1) Number of instructional minutes within the school year
 - (2) Student participation rate on state assessments in reading/language arts and in mathematics, and by student subgroup
 - (3) Dropout rate where applicable

- (4) Student attendance rate
- (5) Number and percentage of students completing advanced coursework where applicable (e.g., Advanced Placement/International Baccalaureate, early-college high schools, and dual enrollment classes)
- (6) Discipline incidents
- (7) Truants
- (8) Distribution of teachers by performance level on an LEA's teacher evaluation systems
- (9) Teacher attendance rate

For those indicators for which the CDE does not currently collect data, the CDE will require that funded LEAs include this information in their annual reports for this program if applicable. Refer to ED's SIG Guidance Web site at <http://www2.ed.gov/programs/sif/sigguidance11012010.pdf> (Outside Source) for a complete listing of metrics and indicators.

Fiscal Operations

Sub-grantees must comply with the following fiscal operation requirements.

A. Use of Funds

SIG funding shall be used to support school improvement efforts by LEAs and their eligible schools funded by this sub-grant process. Sub-grant funds may be used for staff salaries, materials, services, training, equipment, supplies, evaluation, facilities, or other purposes, except as specifically limited by all applicable legal requirements including all regulations or statutes or by the SEA. Each eligible LEA that receives an award may use the funds to carry out activities that advance the SIG sub-grant priorities. Sub-grantees may only use sub-grant funds for their intended purposes. Any funds provided to LEAs for pre-implementation will be counted as part of their first year SIG award.

The SIG funds must supplement, not supplant, existing services and may not be used to supplant federal, state, local, or nonfederal funds. Programs may not use SIG funds to pay for existing levels of service funded from any other source. An LEA that commits to serve one or more Tier I, Tier II, or Tier III schools that do not receive Title I, Part A funds must ensure that each of those schools receives all of the state and local funds it would have received in the absence of the SIG funds. SIG funds may not be used for new construction, most transportation, class size reduction, or purchases not directly related to any components in the models. Please refer to Section I of the FY 2010 SIG Guidance on the Ed Web site at

<http://www2.ed.gov/programs/sif/sigguidance11012010.pdf> (Outside Source) for further information on allowable use of SIG funds.

Sub-grantees may not carry over unexpended sub-grant funds beyond the ending date for each sub-grant award period.

If the sub-grantee terminates program operation, the CDE will bill the LEA sub-grantee for any overpayment.

Please refer to page 40 for a list of the expenditure codes to be used in this RFA. For a detailed description of these expenditure classifications, refer to the *California School Accounting Manual*, 2008 Edition. Visit the CDE Accounting Web site at <http://www.cde.ca.gov/fg/ac/sa/> for viewing and downloading information.

B. Payments to Sub-grantees

The CDE will issue payments in five increments as follows:

- The first payment: 22.5 percent of the annual sub-grant award, plus all expenses already incurred, no later than 30 days after the CDE receives the Grant Award Notification letter (AO-400), or within 30 days after the Budget Act becomes effective, whichever is later
- Subsequent payments will be made quarterly in amounts that equal 22.5 percent of the total award, plus expenses already incurred to date, upon verification that quarterly reports have been submitted to the CDE by the LEA
- No payments will be made in excess of the grant award. Ten percent will be withheld until approval of the final year-end expenditure report.

C. Renewal of Funding

The CDE will consider the following factors annually in determining whether to recommend to the SBE that the LEA's SIG sub-grant, in whole or in part, will be renewed:

- LEA Progress on Annual School Achievement Goals

Each participating LEA must establish clear, measurable, and challenging goals for student achievement on the state's assessments in reading/language arts and mathematics, Standardized Testing and Reporting Program data, AYP, and API **for each school**. The CDE will use annual results from these assessment and accountability systems to determine progress made and compare them with LEA applicant goals for each funded school in reading/language arts and mathematics for all students and subgroup. In cases in which one or more of the schools served in an LEA are not meeting their improvement goals, the LEA's

sub-grant will be considered for a reduction equivalent to the annual award for the non-achieving school(s) with the intent that the school(s) no longer receive(s) funding.

- LEA Progress on SIG Plan Implementation

For each participating school, the LEA must describe the actions and activities required to implement the selected intervention model, including a timeline with specific dates of implementation. The LEA must regularly report progress on these actions and activities. The CDE will annually evaluate whether the LEA has made sufficient progress on the implementation of each school's plan. In cases in which the LEA has not made sufficient progress, the LEA's sub-grant will be considered for a reduction equivalent to the annual award for the non-achieving school(s) with the intent that the school(s) no longer receive(s) funding.

D. Termination of Funding

Funding shall be terminated if there is evidence of fraud or fiscal irregularity in the use of funds for their intended purpose.

Application Review and Sub-grant Award Process

A. Selection Process

LEAs with eligible Title I schools may apply for SIG funding through this application. When recommending sub-grant applications for funding, the CDE will recommend funding those applications that fully comply with all requirements described in this RFA. The SEA will only consider awarding funds to those LEAs that develop and submit a comprehensive and viable application likely to improve student academic achievement.

Applicants are advised to refer to the SIG Rubric for further guidance on developing an appropriate response. **If any of the required Application Narrative elements receives an "Inadequate," that application will not be recommended for funding.**

B. Award Notification

The CDE will post its notification of proposed sub-grant awards for the SIG program on the CDE Web site at <http://www.cde.ca.gov/> within 30 days of the SBE action to award SIG sub-grants to LEAs. Applicants will be notified in writing as soon as

possible thereafter. All applications, whether approved or not, will be posted in their entirety on the CDE Web site in accordance with federal requirements. In addition, CDE will post a summary of the SIG grant awards including LEA name and NCES number, amount of grant, name of each school approved to be served, and the intervention model to be implemented in each school served.

Application Requirements

LEAs responding to this RFA must submit a complete application packet, including a complete response to all narrative items described in this RFA, required forms, and all original signatures required as noted on each application form. The LEA must complete an Implementation Chart for each Tier I, Tier II, and Tier III school it commits to serve (SIG Forms 10 and 11). The application must be in **Microsoft Word 2003 or later, single spaced, and 12 point Arial font using one inch margins.**

A. List of Schools to Be Served

An LEA must submit a list of schools it commits to serve and identify the intervention model the LEA will use in each Tier I and Tier II school. It must also indicate for which Tier I or Tier II Title I school it will implement the program improvement accountability timeline “start-over” or schoolwide program.

Note: An LEA that has nine or more Tier I and Tier II schools, including both schools that are being served with FY 2009 SIG funds and those that are eligible to receive FY 2010 SIG funds, may implement the transformation model in no more than 50 percent of those schools. Complete SIG Form 9—Schools to Be Served chart.

B. Narrative Response Requirements (40 Page Limit)

LEAs must respond to all of the narrative elements below using SIG Form 2. When responding to the narrative elements, LEAs should provide a thorough response that addresses **all** components of each element. The CDE has provided a rubric that describes expectations for LEA responses to each narrative element and other requirements of the application. This rubric is included as Appendix A of this RFA. Respondents are advised to use the rubric as a guide in preparing their applications. The rubric will also be used as a guide for reviewers during the application review and approval process. An application that receives a rating of “inadequate” on any required element will not be recommended for funding. The eleven narrative elements are described below.

i. Needs Analysis (Required)

The LEA must describe the process and findings of the needs assessment conducted for **each** school it commits to serve and the evidence used to select

the intervention model to be implemented at each school. This description of the needs assessment must address the following areas:

- Assessment instruments used to conduct the analysis (e.g., Academic Performance Survey (APS), Inventory of Services and Supports (ISS) for Students with Disabilities, and District Assessment Survey (DAS))
- The roles and responsibilities of LEA and school personnel and other collaborative partners responsible for conducting the needs assessment and/or analyzing its results
- The process for analyzing the findings and determining the appropriate intervention model

ii. Selection of Intervention Model(s) (Required)

Based on the findings of the needs analysis, the LEA must describe its rationale for selecting the intervention model for **each** school and how specific findings from the needs analysis led to the LEA's selection of the intervention model for each school. Include collaborative partners involved and their roles in the selection process. The LEA must include the selected intervention model in the appropriate Implementation Chart (Form 10 for each Tier I and Tier II school; Form 11 for each Tier III school) that the LEA intends to serve. The rationale must also provide the basis for not selecting one of the other three intervention models. LEAs that have implemented, in whole or in part, one of the models in a Tier I or Tier II school within the last two years may continue or complete the intervention being implemented provided the intervention conforms to all the requirements of the intervention(s) required in the SIG program and the school is showing significant progress. However, keep in mind that **all** SIG components of the selected intervention model must be fully and effectively implemented. If an LEA is selecting to continue an existing implementation model, sufficient detail on progress and evidence of student achievement must be included in the description and rationale for this model and in SIG Form 10, Implementation Chart for a Tier I or Tier II School, for the intervention model to be implemented.

iii. Demonstration of Capacity to Implement Selected Intervention Models (Required)

The LEA must demonstrate that it has the capacity to use SIG funds to provide adequate resources and related support to **each** Tier I and Tier II school identified in the LEA's application in order to implement, fully and effectively, **all** required activities of the school intervention model(s) it has selected. To do this, the LEA can address a number of factors. For example, the LEA might emphasize the credentials of staff who have the capability to implement one of the school intervention models. The LEA might also indicate its ability to recruit new principals to implement the turnaround and transformation models or the availability of CMOs and EMOs it could enlist to implement the restart model. The LEA might also indicate the support of its teachers' union with respect to the staffing and teacher evaluation requirements in the turnaround and

transformation models, the commitment of its school board to eliminate any barriers and to facilitate full and effective implementation of the models, and the support of staff and parents in schools to be served. In addition, the LEA should indicate on the SIG Form 10 Implementation Chart that it has the ability to begin implementing the school intervention model it selects fully and effectively by the beginning of the 2011–12 school year.

If the LEA is not applying to serve all Tier I schools within its jurisdiction, **the LEA must explain why it lacks the capacity to serve each Tier I school.** If the limitation is at the LEA level then the LEA must identify the specific barriers that preclude serving all of its Tier I schools. If the limitation is based on conditions at a specific school or schools, the LEA must describe those conditions. If there are additional limiting factors, the LEA must describe them. The SEA will review the description of the limitation and any supporting evidence provided by the LEA to determine whether the rationale provided supports the LEA's claim of lack of capacity.

iv. Recruitment, Screening, and Selection of External Providers (If Applicable)

If the LEA intends to use external entities (including EMOs and CMOs) to provide technical assistance in selecting, developing, and implementing one of the four intervention models, it must describe its process for ensuring their quality. Describe the process that has been or will be undertaken to recruit, screen, and select external providers including specific criteria such as experience, qualifications, and record of effectiveness in providing support for school improvement. Indicate whether the external provider has previously provided support to the LEA and/or school, or whether this is a new external provider to the LEA. Applicants planning to continue with the same external provider should include evidence of the provider's effectiveness to date.

v. Align Other Resources with the Selected Intervention Models (Required)

The LEA must identify all federal, state, or private resources that are currently available to the school(s) that will be used to support implementation of the selected intervention model(s), including other district resources and services provided by the district and/or collaborative partners. The LEA must describe the LEA's process for ensuring that these resources will be coordinated with SIG funding to ensure maximum effectiveness in the use of all resources.

An LEA might use a number of other resources, in addition to its SIG funds, to implement the approved school intervention model(s). For example, an LEA might use school improvement funds it receives under Section 1003(a) of ESEA or Title I, Part A funds it received under the American Recovery and Reinvestment Act. The LEA might also use its general Title I, Part A funds as well as funds it receives under other ESEA authorities, such as Title II, Part A, which it could use for recruiting high-quality teachers, or Title III, Part A, which it could use to improve the English proficiency of English learner students.

vi. Align Proposed SIG Activities with Current DAIT Process (If Applicable)

If an LEA is currently receiving DAIT services, it must describe how it will coordinate its DAIT and its SIG activities to improve the performance of their lowest-achieving schools. The description must identify the major LEA improvement actions recommended by the DAIT and describe how the LEA has aligned its proposed SIG activities with those major LEA improvement actions while assuring that all components of the selected intervention model(s) are implemented.

vii. Modify LEA Practices or Policies (Required)

Depending on the intervention model(s) selected, the LEA may need to revise some of its current policies and practices to enable its schools to implement the interventions fully and effectively. These may include, but are not limited to, collective bargaining agreements, the distribution of resources among schools, parental involvement policies and practices, school attendance areas and enrollment policies, and agreements with charter organizations and other external service providers.

If the LEA anticipates the need to modify any of its current practices or policies in order to fully implement the selected intervention model(s), it must identify and describe which policies and practices need to be revised, the process for revision, and a description of the proposed revision, including timelines.

Successful applicants will be required to revise their LEA Plan and Single Plan for Student Achievement (SPSA) for each funded school upon approval of the application by the SBE.

viii. Sustain the Reforms after the Funding Period Ends (Required)

SIG funding provided through this application must be expended by September 30, 2013, unless the SEA is approved for a waiver to extend the funding through September 30, 2014. Each LEA must state whether it intends to implement a waiver to extend the funding period and identify all the resources that will be used to sustain the selected intervention(s) after the SIG funding period expires for each participating school.

ix. LEA's Annual School Goals for Student Achievement (Required)

Each participating LEA must establish clear, measurable, and challenging goals for student achievement on the state's assessments in reading/language arts and mathematics, Standardized Testing and Reporting Program data, AYP, and API **for each school**. The CDE will use annual results from these assessment and accountability systems to determine progress made and compare them with LEA applicant goals for each funded school in reading/language arts and mathematics for all students and subgroup. In cases in which one or more of the schools served in an LEA are not meeting their improvement goals, the LEA's

sub-grant will be considered for a reduction equivalent to the annual award for the non-achieving school(s) with the intent that the school(s) no longer receive(s) funding.

Examples of appropriate annual goals may include making at least one year's progress in reading/language arts and mathematics or reducing the percentage of students who are not proficient on the state's reading/language arts and mathematics assessments by 10 percent or more from the prior year.

x. Serving Tier III Schools (If Applicable)

Note: LEAs applying to serve Tier III schools only do not need to complete other narrative elements.

For each Tier III school the LEA commits to serve, the LEA must identify and describe the services the school will receive or the activities the school will implement. The LEA must include any findings concerning each school's current condition and analysis of needs that led to the LEA's selection of the specific improvement activities that will be implemented. The LEA must also establish challenging annual school goals for student achievement on the state's assessments in both reading/language arts and mathematics that it will use to monitor the performance of **each** participating Tier III school that receives SIG funds and the LEA commits to serve.

Note: There may not be sufficient funding to serve all eligible schools. Therefore, California intends to fund all Tier I and Tier II schools—those most in need—statewide prior to funding any Tier III schools. Given this intent, LEA applicants are strongly encouraged to serve all of their Tier I and Tier II schools prior to including any Tier III schools in their SIG sub-grant application.

xi. Consultation with Relevant Stakeholders (Required)

The LEA must consult with relevant stakeholders such as students, parents, educators, and the community regarding the LEA's application, and solicit their input for the development and implementation of school improvement models in participating Tier I and Tier II schools. The LEA must describe the specific activities the LEA has undertaken to ensure that it consulted with parents and fulfilled this requirement such as soliciting input at District and School Advisory Committee (DAC/SAC) meetings, School Site Council (SSC) meetings, school or district English Language Advisory Committee (ELAC/DELAC), local bargaining unit(s), parent and community forums, and/or governing board meetings.

LEAs must hold at least two public meetings to consult with staff, parents, and the community regarding the LEAs application and its selection of one of the four intervention models for its Tier I and II schools (per *Education Code* Section 53202(b)).

The LEA must provide documentation that such meetings were held (e.g., meeting agenda or meeting minutes), provide a summary of input obtained through these meetings, indicate which input was incorporated into the LEA's SIG application, and provide a rationale for not accepting any input that the LEA rejected.

C. Implementation Charts for Each School the LEA Plans to Serve (10 Page per School Limit)

For each identified Tier I and Tier II school, the LEA must complete a SIG Form 10, Implementation Chart for a Tier I or Tier II School, for the intervention model to be implemented. The LEA must include actions and activities required to implement each required component of the selected intervention model, a timeline with specific start and end dates, and the individual position and person, if known, who will be responsible for oversight and monitoring. Actions and activities that are part of the LEA's optional pre-implementation activities should also be included. LEAs that have implemented, in whole or in part, one of the intervention models in a Tier I or Tier II school within the last two years may continue or complete the intervention model being implemented provided the intervention conforms to all the requirements of the intervention(s) required in the SIG and the school is showing significant progress. The LEA must include specific activities for the components that have already been completed as well as the components that will be completed in the future.

The LEA must complete SIG Form 11, Implementation Chart for a Tier III School for each Tier III school the LEA commits to serve. The LEA must identify the services the school will receive or the activities the school will implement, a timeline with specific start and end dates, and the individual position and person, if known, who will be responsible for oversight and monitoring.

Important: LEAs seeking to fund Tier III schools exclusively should only complete SIG Form 2 Narrative Response, SIG Form 11 Implementation Chart for a Tier III School, and LEA and school budget SIG Forms 4 and 5.

D. Budget (5 Page Limit per School)

The LEA must include LEA Proposed Budget Summary (SIG Form 4a), a LEA Budget Narrative (SIG Form 4b), a School Proposed Budget Summary (SIG Form 5a), and a School Budget Narrative (SIG Form 5b) for each school the LEA commits to serve. As the LEA is preparing the proposed budget, it should take into account the selected intervention model and size of school enrollment. The LEA and School Budget Narrative must provide more detail regarding the information provided in the LEA budget. The School Budget Narrative must provide more detail on school-level information provided in both the school proposed budget and the Implementation Charts. Both the LEA Budget Narrative (SIG Form 4a) and the School Budget Narrative (SIG Form 5b) must clearly identify those activities that are related to costs included in the pre-implementation column on the LEA Budget Summary (SIG Form 4B) and on the School Budget Summary (SIG Form 5b), if applicable.

An approved LEA application will receive a minimum of \$50,000 and a maximum \$2,000,000 per school, per year, for each of their eligible Tier I, Tier II, and Tier III schools that are included and approved in the sub-grant application. The total three year grant cannot exceed \$6,000,000 per school. Funding levels will reflect the LEA's projected cost of implementing the selected intervention strategy for each school as approved by the SEA, the extent to which the amount requested directly supports the intent of the SIG and the intervention model selected.

An LEA's budget for each year may not exceed the maximum award as described above.

In awarding SIG funds to an LEA, the state may allocate funds for each Tier I, Tier II, and Tier III school that will implement a rigorous intervention model for which the LEA has requested funds in its budget and which the CDE determines the LEA has the capacity to serve, unless the CDE determines on a case-by-case basis, considering such factors as school size, the intervention selected, and other relevant circumstances, that less funding is needed to implement the intervention fully and effectively.

Budget Criteria:

- The LEA projected budget is complete, expenditures are accurately classified by object code, the full term of the grant is covered, and totals by year are provided.
- The LEA budget narrative includes detailed information to describe LEA activities and costs associated with each object code. Budget items accurately reflect the actual cost of implementing the selected intervention models and other LEA activities described for each participating school are included.
- The school projected budget(s) are complete, expenditures are accurately classified by object code, the full term of the grant is covered, and totals by year are provided.
- The school budget narrative(s) include detailed information to describe activities and costs associated with each object code. Budget items accurately reflect the actual cost of implementing the selected intervention models and other activities described for each participating school are included.
- The LEA and school budgets are clearly aligned and, taken together, fully describe appropriate expenditures of funds in all categories that are clearly sufficient to support the design, implementation and ongoing maintenance of the proposed SIG activities. The proposed expenditures reflect research-based strategies likely to increase student achievement.
- The LEA and School Budgets must be of sufficient size and scope to implement the selected intervention. A separate budget review process will be conducted by fiscal personnel from the CDE and School Services of California to determine whether a particular proposed use of SIG funds is allowable, directly related to the full and effective implementation of the model selected by the LEA, and that the proposed use of funds is reasonable and necessary.

Important:

- The LEA and School Budgets must address all three years of the grant
- The LEA and School Budget Summary forms may not be modified and broken down further than the object codes provided (e.g., 1000, 2000, 3000, etc.)
- The LEA and School Budget Narratives must be grouped by object code series (e.g. 1000, 2000, 3000, etc.), clearly indentifying activities that are funded in the pre-implementation column of their respective budget summary forms
- The LEA and School Budget Narrative must include totals by object code series, year, and three-year term of grant

E. Waivers

The state has requested a waiver of the requirements listed below. These waivers would allow any LEA in California that receives SIG funds to use those funds in accordance with the final requirements for SIG and the LEA's application for a sub-grant. The period of availability waiver will automatically apply to all LEAs with approved applications.

- Waive Section 1116(b)(12) of the ESEA for an LEA with an approved application to allow its Tier I or Tier II schools to implement a turnaround or restart model and “start over” in the school improvement (PI) timeline. (**Note:** Tier I or Tier II Title I schools only)
- Waive the 40 percent poverty eligibility threshold in Section 1114(a)(1) of the ESEA to permit an LEA with an approved application to implement a schoolwide program (SWP) in a Tier I or Tier II school that does not meet the poverty threshold. (**Note:** Tier I or Tier II Title I schools only)

The LEA must indicate for which schools it will implement the “Start Over” and SWP waiver on the Schools to Be Served Chart (SIG Form 9).

F. Attachments (20 Page Limit–Not Scored)

The SIG program must be designed, implemented, and sustained through a collaborative organizational structure that may include students, parents, representatives of participating LEAs and school sites, and private and/or public external technical assistance and support providers. The LEA may also attach

documents from these collaborative partners that indicate support of its application. Please include a table of contents with this section if supporting documents are included.

Attachments may include, but are not limited to, letters of support and/or involvement from the LEA's collaborative partners. Please include a table of contents and identify the type of attachment (e.g., parent letter) in the upper right-hand corner and number each page. All attachments must be submitted in English or include an English translation.

All letters of support, additional meeting minutes, and any other additional documents must be submitted as a PDF. Provide a link to the local board meeting Web site. Do not attach copies of local board minutes.

Applicants may also provide Memoranda of Understanding (MOUs) describing commitments in support of the LEA SIG application from private and/or public external technical assistance and support providers. Though not legally binding, the purpose of the MOUs is to clearly describe the specific commitments of staff, services, facilities, equipment, and roles of responsible persons or entities in the delivery of services or resources provided by each partner, including the estimated monetary value of these contributions.

Submission of Applications

LEAs responding to this RFA must submit a complete application packet and provide all original signatures required, as noted on each application form. Applications must be submitted with all forms compiled in the order listed on the SIG Application Checklist provided on page 32 of this RFA.

Applicants must submit an original, three hard copies, and one electronic Microsoft Word 2003 or later copy (all single spaced in **12 point Arial font using one inch margins**) of each application and ensure that the original and copies are received by the Regional Coordination and Support Office on or before (not postmarked by) 4 p.m., April 15, 2011. Applicants must submit an electronic copy to RCSO@cde.ca.gov on or before April 15, 2011. Mailed documents must arrive on or before the April 15, 2011, deadline and should be sent to the following address:

California Department of Education
District and School Improvement Division
Regional Coordination and Support Office
1430 N Street, Suite 6208
Sacramento, CA 95814-5901

Applicants may personally deliver the sub-grant application package to the Regional Coordination and Support Office on or before (not postmarked by) 4 p.m., April 15, 2011, at the following location:

California Department of Education
District and School Improvement Division
Regional Coordination and Support Office
1430 N Street, Suite 6208
Sacramento, CA 95814-5901

To comply with Federal ADA Regulations, please adhere to the following guidelines:

- Submit text based documents only (no scanned images)
- If images are included, also include alternative text for that image
- Do not use color to convey information
- Do not include images of handwritten signatures for privacy reasons

SIG Application Checklist

Required Components

The following components must be included as part of the application. Check or initial by each component, and include this form in the application package. These forms can be downloaded from the CDE School Improvement Grant Web site at <http://www.cde.ca.gov/sp/sw/t1/regsig09rfa.asp>. Please compile the application packet in the order provided below.

Include this completed checklist in the application packet

- _____ Form 1 Application Cover Sheet
(Must be signed in **blue ink** by the LEA Superintendent or Designee)
- _____ Form 2 Narrative Response
- _____ Form 4a LEA Budget Summary
- _____ Form 4b LEA Budget Narrative
- _____ Form 5a School Budget Summary
- _____ Form 5b School Budget Narrative
- _____ Form 9 Schools to Be Served Chart
- _____ Form 10 Implementation Chart(s) for a Tier I or Tier II School
 - Form 10.1 Turnaround Implementation Chart
 - Form 10.2 Transformation Implementation Chart
 - Form 10.3 Restart Implementation Chart
 - Form 10.4 Closure Implementation Chart
- _____ Form 11 Implementation Chart for a Tier III School, (if applicable)

SIG Form 1—Application Cover Sheet

**School Improvement Grant (SIG)
Application for Funding**

**APPLICATION RECEIPT DEADLINE
April 15, 2011, 4 p.m.**

Submit to:
California Department of Education
District and School Improvement Division
Regional Coordination and Support Office
1430 N Street, Suite 6208
Sacramento, CA 95814-5901

NOTE: Please print or type all information.

County Name:		County/District Code:

Superintendent or Designee Signature (Blue Ink)		Date	

SIG Form 2—Narrative Response

Respond to the elements below. Use 12 point Arial font and one inch margins. When responding to the narrative elements, LEAs should provide a thorough response that addresses **all** components of each element. Refer to *Application Requirements, B. Narrative Response Requirements* on page 23 of this RFA, and the SIG Rubric, Appendix A.

i. Needs Analysis
Response:
ii. Selection of Intervention Models
Response:
iii. Demonstration of Capacity to Implement Selected Intervention Models
Response:
iv. Recruitment, Screening, and Selection of External Providers
Response:
v. Alignment of Other Resources with the Selected Intervention Models
Response:
vi. Alignment of Proposed SIG Activities with Current DAIT Process (if applicable)
Response
vii. Modification of LEA Practices or Policies
Response:
viii. Sustainment of the Reforms after the Funding Period Ends
Response:
ix. Establishment of Challenging LEA Annual School Goals for Student Achievement
Response:
x. Inclusion of Tier III Schools (if applicable)
Response:
xi. Consultation with Relevant Stakeholders
Response:

SIG Form 3—Budget Instructions

Instructions for Completing Budget Summary (SIG Forms 4a and 5a)

The LEA must include LEA Budget Summary (SIG Form 4a) and a School Budget Summary (SIG Form 5a) for each school the LEA commits to serve. As the LEA is preparing the proposed budget, it should take into account the selected intervention model and size of school enrollment.

An approved LEA application will receive a minimum of \$50,000 and a maximum \$2,000,000 per school, per year for each of their eligible Tier I, Tier II, and Tier III schools that are included and approved in the sub-grant application. The total three year grant cannot exceed \$6,000,000 per school.

Important:

- The LEA and School Budget(s) must address all three years of the grant
- The LEA and School Budget(s) must be of sufficient size and scope to implement the selected intervention
- The LEA and School Budget Summary forms may not be modified and broken down further than the object codes provided (e.g., 1000, 2000, 3000, etc.)

Instructions for Completing Budget Narrative (SIG Forms 4b and 5b)

The LEA Budget Narrative must provide more detail regarding the information provided in the LEA Budget Summary. The School Budget Narrative must provide more detail on school-level information provided in both the school proposed budget and the Implementation Charts.

Use the LEA and School Budget Narrative forms to describe the costs associated with each activity reflected in the budget. Please include both district and school level budget forms. Both the LEA Budget Narrative and the School Budget Narrative must clearly identify those activities that are related to costs included in the pre-implementation column on the LEA Budget Summary (SIG Form 4b) and on the School Budget Summary (SIG Form 5b), if applicable.

A general description of activities and their corresponding range of object codes is provided below. See the complete list of object codes on SIG Form 6 – Object of Expenditure Codes. Be sure that your LEA name appears on all pages.

- The LEA and School Budget Narratives must be grouped by object code series (e.g., 1000, 2000, 3000, etc.)
- The LEA and School Budget Narrative must include totals by object code series, year, and three-year term of grant

SIG Form 4a—LEA Budget Summary

LEA Budget Summary

Fiscal Year 2010–11

Name of LEA:	
County/District (CD) Code:	
County:	
LEA Contact:	Telephone Number:
E-Mail:	Fax Number:
SACS Resource Code: 3180 Revenue Object: 8920

Total Amount Budgeted					

SIG Form 4b—LEA Budget Narrative

LEA Budget Narrative

Provide sufficient detail to justify the LEA budget. The LEA budget narrative page(s) must provide sufficient information to describe activities and costs associated with each object code. Include budget items that reflect the actual cost of implementing the selected intervention models and other activities described for each participating school. If applicable, clearly identify those activities that are related to costs included in the pre-implementation column on the LEA Budget Summary (SIG Form 4a). Group information by object code series and provide totals by series, year, and term of grant. Series totals must correspond exactly to budget summary form. Please duplicate this form as needed.

SIG Form 5b—School Budget Narrative

School Budget Narrative

Provide sufficient detail to justify the school budget. The school budget narrative page(s) must provide sufficient information to describe activities and costs associated with each object code. Include budget items that reflect the actual cost of implementing the selected intervention models and other activities described for each participating school. If applicable, clearly identify those activities that are related to costs included in the pre-implementation column on the School Budget Summary (SIG Form 5a). Group information by object code series and provide totals by series, year, and term of grant. Series totals must correspond exactly to budget summary form. Please duplicate this form as needed.

Activity Description (See instructions)	Subtotal (For each activity)	Object Code

SIG Form 6—Object of Expenditure Codes

School districts and county superintendents of schools are required to report expenditures in accordance with the object classification plan in the California School Accounting Manual. The use of these object codes will facilitate the preparation of budgets and the various financial reports requested by federal, state, county, and local agencies. The California School Accounting Manual is available from the CDE Publication Sales (call 1-800-995-4099).

1000–1999 Certificated Personnel Salaries

- 1100 Certificated Teachers' Salaries
- 1200 Certificated Pupil Support Salaries
- 1300 Certificated Supervisors' and Administrators' Salaries
- 1900 Other Certificated Salaries

2000–2999 Classified Personnel Salaries

- 2100 Classified Instructional Salaries
- 2200 Classified Support Salaries
- 2300 Classified Supervisors' and Administrators' Salaries
- 2400 Clerical, Technical, and Office Staff Salaries
- 2900 Other Classified Salaries

3000–3999 Employee Benefits

- 3101 State Teachers' Retirement System, certificated positions
- 3102 State Teachers' Retirement System, classified positions
- 3201 Public Employees' Retirement System, certificated positions
- 3202 Public Employees' Retirement System, classified positions
- 3301 OASDI/Medicare/Alternative, certificated positions
- 3302 OASDI/Medicare/Alternative, classified positions
- 3401 Health and Welfare Benefits, certificated positions
- 3402 Health and Welfare Benefits, classified positions
- 3501 State Unemployment Insurance, certificated positions
- 3502 State Unemployment Insurance, classified positions
- 3601 Workers' Compensation Insurance, certificated positions
- 3602 Workers' Compensation Insurance, classified positions
- 3701 OPEB, Allocated, certificated positions
- 3702 OPEB, Allocated, classified positions
- 3751 OPEB, Active Employees, certificated positions
- 3752 OPEB, Active Employees, classified positions
- 3801 PERS Reduction, certificated positions
- 3802 PERS Reduction, classified positions
- 3901 Other Benefits, certificated positions
- 3902 Other Benefits, classified positions

4000–4999 Books and Supplies

- 4100 Approved Textbooks and Core Curricula Materials
- 4200 Books and Other Reference Materials
- 4300 Materials and Supplies
- 4400 Noncapitalized Equipment
- 4700 Food

5000–5999 Services and Other Operating Expenditures

- 5100 Subagreements for Services
- 5200 Travel and Conferences
- 5300 Dues and Memberships
- 5400 Insurance

5000–5999 Services and Other

5500 Operations and Housekeeping Services
5600 Rentals, Leases, Repairs, and Noncapitalized Improvements
5700–5799 Transfers of Direct Costs
5710 Transfers of Direct Costs
5750 Transfers of Direct Costs—Interfund
5800 Professional/Consulting Services and Operating Expenditures
5900 Communications

6000–6999 Capital Outlay

6100 Land
6170 Land Improvements
6200 Buildings and Improvements of Buildings
6300 Books and Media for New School Libraries or Major Expansion of School Libraries
6400 Equipment
6500 Equipment Replacement
6900 Depreciation Expense (for proprietary and fiduciary funds only)

7000–7499 Other Outgo

7100–7199 Tuition

7110 Tuition for Instruction Under Interdistrict Attendance Agreements
7130 State Special Schools
7141 Other Tuition, Excess Costs, and/or Deficit Payments to Districts or Charter Schools
7142 Other Tuition, Excess Costs, and/or Deficit Payments to County Offices
7143 Other Tuition, Excess Costs, and/or Deficit Payments to JPAs

7200–7299 Interagency Transfers Out

7211 Transfers of Pass-Through Revenues to Districts or Charter Schools
7212 Transfers of Pass-Through Revenues to County Offices
7213 Transfers of Pass-Through Revenues to JPAs
7221 Transfers of Apportionments to Districts or Charter Schools
7222 Transfers of Apportionments to County Offices
7223 Transfers of Apportionments to JPAs
7281 All Other Transfers to Districts or Charter Schools
7282 All Other Transfers to County Offices
7283 All Other Transfers to JPAs
7299 All Other Transfers Out to All Others

7300–7399 Transfers of Indirect Costs (Effective 2008-09)

7310 Transfers of Indirect Costs
7350 Transfers of Indirect Costs—Interfund
7370 Transfers of Direct Support Costs (Valid through 2007–08)
7380 Transfers of Direct Support Costs—Interfund (Valid through 2007–08)

7430–7439 Debt Service

7432 State School Building Repayments
7433 Bond Redemptions
7434 Bond Interest and Other Service Charges
7435 Repayment of State School Building Fund Aid—Proceeds from Bonds
7436 Payments to Original District for Acquisition of Property
7438 Debt Service—Interest
7439 Other Debt Service—Principal

SIG Form 7—General Assurances and Certifications

General Assurances (Required for all Applicants)

Note: All sub-grantees are required to retain on file a copy of these assurances for your records and for audit purposes. Please download the General Assurances form located on the CDE Funding Tools and Materials Web Site at <http://www.cde.ca.gov/fq/fo/fm/>. Do **not** submit SIG Form 7 to the CDE; retain at the LEA.

Certifications Regarding Drug-Free Workplace, Lobbying, and Debarment and Suspension (Submit as part of RFA)

Download the following three forms from the CDE Funding Tools and Materials Web site at <http://www.cde.ca.gov/fq/fo/fm/>. Obtain the necessary signatures and include the original forms with your application submission.

1. Drug-Free Workplace
2. Lobbying
3. Debarment and Suspension

SIG Form 8—Sub-grant Conditions and Assurances (page 1 of 3)

Sub-grant Conditions and Assurances

As a condition of the receipt of funds under this sub-grant program, the applicant agrees to comply with the following Sub-grant Conditions and Assurances.

The US Department of Education requires LEAs to adhere to the following assurances:

1. Use its SIG to implement fully and effectively an intervention in each Tier I and Tier II school that the LEA commits to serve consistent with the final requirements of SIG;
2. Establish challenging annual goals for student achievement on the state's assessments in both reading/language arts and mathematics and measure progress on the leading indicators in Section III of the final requirements in order to monitor each Tier I, Tier II, and Tier III school that it serves with school improvement funds;
3. If it implements a restart model in a Tier I or Tier II school, include in its contract or agreement terms and provisions to hold the charter operator, charter management organization, or education management organization accountable for complying with the final requirements; and
4. Report to the CDE the school-level data as described in this RFA.

Furthermore, the CDE requires LEAs to adhere to the following additional assurances:

5. Ensure that the identified strategies and related activities are incorporated in the revised LEA Plan and Single Plan for Student Achievement.
6. Follow all fiscal reporting and auditing standards required by the CDE.
7. Participate in a statewide evaluation process as determined by the SEA and provide all required information on a timely basis.
8. Respond to any additional surveys or other methods of data collection that may be required for the full sub-grant period.
9. Use funds only for allowable costs during the sub-grant period.
10. Include in the application all required forms signed by the LEA Superintendent or designee.
11. Use fiscal control and fund accountability procedures to ensure proper disbursement of, and accounting for, federal funds paid under the sub-grant,

SIG Form 8—Sub-grant Conditions and Assurances (page 2 of 3)

including the use of the federal funds to supplement, and not supplant, state and local funds, and maintenance of effort (20 USC § 8891).

12. Express its full understanding that not meeting all SIG requirements will result in the termination of SIG funding.
13. Ensure that funds are spent as indicated in the sub-grant proposal and agree that funds will be used **only** in the school(s) identified in the LEA's AO-400 sub-grant award letter.
14. Conduct all audits of financial statements in accordance with Government Auditing Standards (GAS) and with policies, procedures, and guidelines established by the Education Department General Administrative Regulations (EDGAR), Single Audit Act Amendments, and OMB Circular A-133.
15. Ensure that expenditures are consistent with the federal Education Department Guidelines Administrative Regulations (EDGAR) under Title 34 Education at <http://www.ed.gov/policy/fund/reg/edgarReg/edgar.html> (Outside Source).
16. Agree that the SEA has the right to intervene, renegotiate the sub-grant, and/or cancel the sub-grant if the sub-grant recipient fails to comply with sub-grant requirements.
17. Cooperate with any site visitations conducted by representatives of the state or regional consortia for the purpose of monitoring sub-grant implementation and expenditures, and will provide all requested documentation to the SEA personnel in a timely manner.
18. Repay any funds which have been determined through a federal or state audit resolution process to have been misspent, misapplied, or otherwise not properly accounted for, and further agrees to pay any collection fees that may subsequently be imposed by the federal and/or state government.
19. Administer the activities funded by this sub-grant in such a manner so as to be consistent with California's adopted academic content standards.
20. Obligate all sub-grant funds by the end date of the sub-grant award period or repay any funding received, but not obligated, as well as any interest earned over one-hundred dollars on the funds.
21. Maintain fiscal procedures to minimize the time elapsing between the transfer of the funds from the CDE and disbursement.

SIG Form 8—Sub-grant Conditions and Assurances (page 3 of 3)

- 22.** Comply with the reporting requirements and submit any required report forms by the due dates specified.

I hereby certify that the agency identified below will comply with all sub-grant conditions and assurances described in items 1 through 22 above.

The signature on the front of this application indicates acknowledgement and agreement to all assurances.

SIG Form 9—Schools to Be Served

Schools to be Served

Indicate which schools the LEA commits to serve, their Tier, and the intervention model the LEA will implement in each Tier I and Tier II school. For each Tier I and Tier II Title I school, indicate which waiver(s) will be implemented at each school. **Note:** An LEA that has nine or more Tier I and Tier II schools, including both schools that are being served with FY 2009 SIG funds and those that are eligible to receive FY 2010 SIG funds, may implement the transformation model in no more than 50 percent of those schools. (Attach as many sheets as necessary.)

SCHOOL NAME	CDS Code	NCES Code	TIER I	TIER II	TIER III	INTERVENTION (TIER I AND II ONLY)				WAIVER(S) TO BE IMPLEMENTED	
						Turnaround	Restart	Closure	Transformation	Start Over (Restart and Turnaround Only)	Implement SWP

SIG Form 10.1—Turnaround Implementation Chart for a Tier I or Tier II School (page 1 of 3)

Complete this form for each identified Tier I and Tier II school planning to implement the **Turnaround Model** that the LEA intends to serve. Include actions and activities required to implement the model, a timeline with specific start and end dates of implementation, and the position (and person, if known) responsible for oversight. The Implementation Chart must address all required components of the selected model and include specific activities for the components that have already been completed as well as the components that will be completed in the future. Actions and activities that are part of the LEA’s optional pre-implementation activities should be clearly identified as such.

School: _____		Tier: I or II (circle one)		
Required Components	Actions & Activities	Timeline		Oversight
		Start	End	
a. Replace the principal and grant the new principal sufficient operational flexibility.				
b. Use locally-adopted competencies to measure the effectiveness of staff who can work within the turnaround environment, screen all existing staff and rehire no more than 50 percent, and select new staff.				
c. Implement strategies that are designed to recruit, place, and retain staff with the skills necessary to meet the needs of the students in the turnaround school.				

SIG Form 10.1—Turnaround Implementation Chart for a Tier I or Tier II School (page 2 of 3)

School:		Tier: I or II (circle one)		
Required Components	Actions & Activities	Timeline		Oversight
		Start	End	
d. Provide staff ongoing, high-quality, job-embedded professional development that is aligned with the school’s comprehensive instructional program.				
e. Adopt a new governance structure which may include, but is not limited to, requiring the school to report to a new “turnaround office” in the LEA, or hiring a “turnaround leader” who reports directly to the LEA.				
f. Use data to identify and implement an instructional program that is research-based and vertically aligned from one grade to the next as well as aligned with California’s adopted academic standards.				

SIG Form 10.1—Turnaround Implementation Chart for a Tier I or Tier II School (page 3 of 3)

Note: See the Program Guidelines section of the RFA for a list of optional Turnaround Model components.

Establish schedules and implement strategies that		Tier: I or II (circle one)

g. Promote the continuous use of student data to inform and differentiate instruction in order to meet the academic needs of individual students.				

SIG Form 10.2—Transformation Implementation Chart for a Tier I or Tier II School (page 1 of 5)

Complete this form for each identified Tier I and Tier II school planning to implement the **Transformation Model** that the LEA intends to serve. Include actions and activities required to implement the model, a timeline with specific start and end dates of implementation, and the position (and person, if known) responsible for oversight. The Implementation Chart must address all required components of the selected model and include specific activities for the components that have already been completed as well as the components that will be completed in the future. Actions and activities that are part of the LEA’s optional pre-implementation activities should be clearly identified as such.

Optional Component	Actions & Activities	Timeline Start End		Oversight

School:		Tier: I or II (circle one)		
Required Component	Actions & Activities	Timeline		Oversight
		Start	End	
a(1) Replace the principal who led the school prior to commencement of the transformation model.				
a(2) Use rigorous, transparent, and equitable evaluation systems for teachers and principals that take into account data on student growth as a significant factor and that are designed and developed with teacher and principal involvement.				

SIG Form 10.2—Transformation Implementation Chart for a Tier I or Tier II School (page 2 of 5)

School:		Tier: I or II (circle one)		
Required Component	Actions & Activities	Timeline		Oversight
		Start	End	
c(1) Establish schedules and implement strategies that provide increased learning time.				
c(2) Provide ongoing mechanisms for family and community engagement.				
d(1) Give the school sufficient operational flexibility (such as staffing, calendars/time, and budgeting) to implement fully a comprehensive approach to substantially improve student achievement outcomes and increase high school graduation rates.				

SIG Form 10.2—Transformation Implementation Chart for a Tier I or Tier II School (page 5 of 5)

School:	Tier: I or II (circle one)
---------	----------------------------

Required Component	Actions & Activities	Timeline		Oversight
		Start	End	
d(2) Ensure that the school receives ongoing, intensive technical assistance and related support from the LEA, the SEA, or a designated external lead partner organization (such as a school turnaround organization or an EMO).				

Note: See the Program Guidelines section of the RFA for a list of optional Transformation Model components.

Optional Component	Actions & Activities	Timeline		Oversight
		Start	End	

SIG Form 10.3—Restart Implementation Chart for a Tier I or Tier II School (page 1 of 2)

Complete this form for each identified Tier I and Tier II school planning to implement the **Restart Model** that the LEA intends to serve. Include actions and activities required to implement the model, a timeline with specific start and end dates of implementation, and the position (and person, if known) responsible for oversight. The Implementation Chart must address all required components of the selected model and include specific activities for the components that have already been completed as well as the components that will be completed in the future. Actions and activities that are part of the LEA’s optional pre-implementation activities should be clearly identified as such.

School:		Tier: I or II (circle one)		
Required Component	Actions & Activities	Timeline		Oversight
		Start	End	
Fulfill all California requirements for converting to a charter school (if applicable).				
Create a locally-determined rigorous review process for the purposes of selecting a charter management organization (CMO) or an education management organization (EMO).				
Create a plan to transfer students who either cannot attend the new school because their grade is no longer served by the Restart school or whose parents choose not to have their child attend the Restart school.				

SIG Form 10.3—Restart Implementation Chart for a Tier I or Tier II School (page 2 of 2)

School:		Tier: I or II (circle one)		
Required Component	Actions & Activities	Timeline		Oversight
		Start	End	
Create an accountability contract with the CMO or EMO which includes clearly defined goals for student achievement.				

Optional Component	Actions & Activities	Timeline		Oversight
		Start	End	

SIG Form 10.4—Closure Implementation Chart for a Tier I or Tier II School (page 1 of 1)

Complete this form for each identified Tier I and Tier II school planning to implement the **Closure Model** that the LEA intends to serve. Include actions and activities required to implement the model, a timeline with specific start and end dates of implementation, and the position (and person, if known) responsible for oversight. The Implementation Chart must address all required components of the selected model and include specific activities for the components that have already been completed as well as the components that will be completed in the future. Actions and activities that are part of the LEA’s optional pre-implementation activities should be clearly identified as such.

School:		Tier: I or II (circle one)		
Required Component	Actions & Activities	Timeline		Oversight
		Start	End	
Notify parents and community of closure, and provide information on school choice options available.				
Create a plan to transfer students.				
Create a plan for transfer of existing teachers and other staff.				
Create a support plan for schools receiving transferred students.				

Optional Component	Actions & Activities	Timeline		Oversight
		Start	End	

SIG Form 11—Implementation Chart for a Tier III School

Complete this form for each Tier III school the LEA commits to serve. Identify the services the school will receive and/or the activities the school will implement, a timeline with specific start and end dates of implementation, and the position (and person, if known) responsible for oversight. If the LEA is opting to implement one of the four intervention models, please complete SIG Form 10 for the appropriate model.

NOTICES

Interim Final Requirements—January 15, 2010 [MS Word](#)

<http://www2.ed.gov/programs/sif/interim.doc>

This document contains the interim final requirements governing the process that a State educational agency (SEA) uses to award school improvement funds authorized under section 1003 (g) of the Elementary and Secondary Education Act To local educational agencies (LEAs) in order to transform school culture and substantially raise the achievement of students attending the State's persistently lowest-achieving schools, including secondary schools. The official version will be posted in the U.S. Federal Register.
